Introduction to the Timetable

The *Timetable* is the listing of course offerings for the term, and includes instructions on when, where, and how to register and drop and add classes; tuition and fees and billing information; academic calendar information; how to get a replacement ID card; etc. Therefore, please keep it for future reference. Updated information on course offerings is also available by checking *Timetable* course section information on the World Wide Web (**http://www.uiuc.edu/timetable**) and from college and departmental advisers.

While every effort is made to provide accurate and up-to-date information, the University reserves the right to change without notice statements in the *Timetable* concerning rules, policies, procedures, tuition, fees, curricula, courses, or other matters. All course registrations are accepted subject to enrollment conditions set by the offering departments. In addition, colleges and departments reserve the right to:

IMPOSE ENROLLMENT requirements and prerequisites,

REASSIGN STUDENTS to other sections in a course,

WITHDRAW STUDENTS from certain courses or sections after enrollment,

CANCEL COURSE offerings or sections for legitimate educational reasons.

Students considering enrollment in military science, naval science, or air force aerospace studies courses should be aware that University policy prohibits discrimination on the basis of sexual orientation; students may enroll in these courses regardless of sexual orientation. As of the date of printing of this publication, students seeking to enroll in ROTC are not asked to disclose their sexual orientation. However, homosexual conduct is grounds for disenrollment from the program.

How to Use the World Wide Web *Timetable*

The *Timetable* is also on the campus network (UIUCnet), via a service called the "World-Wide Web" (WWW).

The WWW version allows convenient browsing of the *Timetable* with the following advantages:

TIMELINESS: including a real-time enrollment status for each section.

CROSS-REFERENCED INFORMATION: Every course is linked to more complete course descriptions found in the online Course catalog.

HELPFUL INFORMATION: Supplemental information is available, e.g., links to a campus map showing class locations.

YOU CAN SEARCH it via an easy-to-use index.

The WWW *Timetable* can be viewed on the network by using a browser program on a PC, Mac, or Unix system. Some common browsers are NCSA Mosaic, Netscape, or Internet Explorer. If you are familiar with using a WWW browser (i.e., if this computer jargon hasn't bewildered you), you may view the *Timetable* using the following URL (the "address" of the *Timetable* on the WWW):

http://www.uiuc.edu/timetable

A document explaining in greater detail how to view the WWW *Timetable* may be obtained at most CCSO locations, including computer sites across campus and the CCSO Resource Center (1420 DCL, 244-1258). Ask for "Using the WWW *Timetable* on the Campus Network." Consultants in the Resource Center can also help you learn about WWW browsers.

The WWW browsers are available on all CCSO site computers, so you may view the WWW *Timetable* at any CCSO site.

For refund information, see page 23.

General Information

Addresses and Phone Numbers are Important

Have you moved recently or since you were last enrolled? Be sure to keep the Office of Admissions and Records informed of your current address and telephone number. That way you will not miss receiving important registration, college, and related information.

Each student is responsible for keeping the following addresses current on **U OF I DIRECT**:

LOCAL ADDRESS (for mail sent during the term; this address is automatically updated for students living in University residence halls)

PERMANENT ADDRESS (for mail sent between terms)

EMERGENCY ADDRESS

You may also update your telephone information on **U OF I DIRECT**. The University phone operators' listings, the Student/Staff Directory, and your entry to the online phone book will include the phone number listed in **U OF I DIRECT**.

Student Records Policy

It is University policy to comply fully with the Family Educational Rights and Privacy Act of 1974 as amended. The University will not disclose information that it maintains as part of its normal course of business without the consent of the student. For complete information concerning record release and student access rights, refer to Rules 60 through 68 in the August 2002 *Code of Policies and Regulations Applying to All Students*. (The *Code* is available on the Web at **http://www.uiuc.edu/admin_manual/code**.)

The University has designated certain categories of information as directory information. Students' consent to release this information is implied. A currently enrolled student may instruct the University to withhold one or both categories of directory information by submitting a request form to the Office of Admissions and Records prior to the end of the fifth day of instruction for a term. Regardless of a student's enrollment status, a request to withhold directory information remains in force until the student submits a subsequent request removing the restriction. Forms may be obtained and filed at the Records Service Center, 901 W. Illinois Street.

Personal Information

- The student's name
- Addresses
- Telephone numbers
- Date of birth
- Weight and height, if an athletic team member

Academic Information

- The student's name
- College
- Curriculum and major field of study
- Class level
- Dates of attendance
- Full- or part-time status
- Institutions previously attended
- Degrees, honors, and certificates received or anticipated
- Eligibility for membership in registered University honoraries
- Participation in officially recognized activities and sports
- Appointment information of students with fellowships, assistantships, or graduate or undergraduate hourly employment

If a student has elected to withhold either personal or academic information, the University will respond to inquiries as follows: **"The student has instructed us not to reveal this information."**

If a student has elected to withhold both categories of directory information, the University will respond to inquiries as follow: **"There is no information available for any student by that name."**

Identification Cards

Each student is issued a permanent photo identification card which must be retained by the student while registered at the University. The ID card remains the property of the University, and any student who alters or intentionally mutilates a University ID card (including but not limited to punching holes in the card, applying stickers, etc.), who uses the ID of another, or who allows his or her ID card to be used by another may be subject to discipline. A charge of $20 (amount subject to change) is assessed for replacing each lost, mutilated, confiscated, or stolen photo ID card.

You are required to present your ID card for identification purposes at the request of an agent of the University when the agent is acting in the performance of his or her supervisory or security function (e.g., examination proctor, police officer, residence hall director or adviser, recreational facility supervisor, ticket taker, or usher). You may be subject to discipline if you refuse to provide your University ID card when requested by an agent of the University.

When performing his or her duties, an agent of the University may confiscate your ID card if an individual other than yourself attempts to use the card to represent him/herself as a duly registered student, if the ID card you present is not valid at the time you attempt to represent yourself as a duly registered student, or if the ID card has been reported as lost, stolen, or replaced.

If you cannot find your ID card, go to the Campus ID Center immediately and complete a Lost/Stolen Property Report.

Questions regarding the issuance of ID cards may be directed to the Campus ID Center, Room 204 Illini Union Bookstore, 809 South Wright Street, or call 244-0135.

Nondiscrimination Statement

The commitment of the University at the most fundamental principles of academic freedom, equality of opportunity, and human dignity requires that

decisions involving students and employees be based on individual merit and be free from invidious discrimination in all its forms.

It is the policy of the University of Illinois not to engage in discrimination or harassment against any person because of race, color, religion, sex, national origin, ancestry, age, marital status, disability, sexual orientation, unfavorable discharge from the military, or status as a disabled veteran or a veteran of the Vietnam era and to comply with all federal and state nondiscrimination, equal opportunity, and affirmative action laws, orders, and regulations. This nondiscrimination policy applies to admissions, employment, and access to and treatment in the University programs and activities. Complaints of invidious discrimination prohibited by University policy are to be resolved within existing University procedures.

For additional information on the equal opportunity, affirmative action, and harassment policies of the University, or information on Title IX, ADA, or 504, please contact: for the Urbana-Champaign campus: Associate Chancellor William Berry, Third Floor East, Swanlund Administration Building, MC-304, 601 East John Street, Champaign, IL 61820, (217) 333-4238; or Director Larine Cowan, First Floor West, Swanlund Administration Building (MC-304), 601 East John Street, Champaign, Illinois 61820; (217) 333-0885.

Students with Disabilities

Students with disabilities who have not registered for services with the Division of Rehabilitation Education Services, 1207 S. Oak Street, and who wish to request accommodations for any or all of the classes in which they are registering should contact the coordinator for Student Services with the Division at 333-4602 (voice) or 333-1970 (TTD).

Compliance with State Immunization Law

Each admitted applicant entering the University after July 1, 1989, is subject to the requirements of Illinois Public Act 85-1315, which requires students to provide evidence of immunity to certain vaccine-preventable diseases. All students subject to the provisions of this law have received a copy of the McKinley Health Center Student Health Report Form with their Notice of Admission. Students who fail to return the form by the date shown are encumbered for the next term. Students who fail to comply with state law before the start of the next term are prohibited *by law* from enrolling in that or any subsequent term.

Health and Safety

Important information about alcohol and other drugs and about campus safety is available at **http: www.uiuc.edu/safety/report/**.

In compliance with federal law, this information describes campus policies and resources to help you manage your health and safety.

Semester Hour Requirements

Undergraduate students are required to pursue a normal program of study, which varies by college and curriculum. More or less than a normal program may be permitted only by authority of the dean of the college or his/her designated representative.

For undergraduate, graduate, and professional students, the minimum program required in a semester for receipt of maximum educational benefit payments under the Veterans Readjustment Benefits Act of 1966 and receipt of social security benefits as a dependent is 12 semester hours or 3 units.

Classification of Students

The Registrar's Office uses only the following definitions in the classification of enrollment:

Full-time Students:	**Undergraduates**	**Graduate**
Fall/Spring Semesters	12 or more hours	3 or more units
Half-time Students:		
Fall/Spring Semesters	6–11.5 hours	1.5–2.75 units
Class Level:		
Freshmen	0–29.9 hours	
Sophomores	30–59.9 hours	
Juniors	60–89.9 hours	
Seniors	90 hours and above	

Graduate students are certified as advancing one year of study if they were registered in two semesters. Graduate students on a consecutive summer-session-only pattern are advanced one year after completion of three eight-week summer sessions. A graduate student may not be certified as having advanced one year more than once within a twelve-month period.

Intercampus Enrollment Program

The Intercampus Enrollment program is intended to allow students at one campus of the University the opportunity to take advantage of opportunities unique to another campus of the University without having to transfer. It is not designed to replace concurrent enrollment or transfer. The program also provides for summer enrollment at another University campus should financial aid be required. For complete information see the Web site at **http://www.uoapa.uillinois.edu/intercamp/intercampus.html**.

Transcripts of Courses and Grades

A student in debt to the University is not entitled to receive a diploma or an official statement or transcript of credits until the indebtedness has been paid or suitable arrangements for payment have been made, unless the student has pending a bankruptcy petition seeking a discharge of all such indebtedness, or such indebtedness has been discharged.

A student who graduates or withdraws from the University and has an outstanding loan from the University of Illinois will not be issued a transcript until he/she has completed an exit interview with the Office of Student Accounts and Cashiers, 162 Henry Administration Building.

The charge for an official transcript is $5 per copy (amount subject to change). The charge for a written certification of enrollment or other data is $4 per copy. The charge for additional copies *ordered at the same time and sent to the same address or picked up* is $2 per copy.

Transcripts may not be ordered by telephone. They must be ordered using the World Wide Web at **http://www.oar.uiuc.edu/records/transcript.html**, or by mail addressed to the Transcript Department, University of Illinois at Urbana-Champaign, 901 W. Illinois Street, Urbana, IL 61801. A check or money order made payable to University of Illinois must accompany the order. Payment may also be made using Visa, MasterCard, or Discover Card.

Welcome To U OF I DIRECT Registration

When you use your Network ID and password to access **U OF I DIRECT** from personal computers at multiple locations on campus (or via dial-up with modem), you will be welcomed to **U OF I DIRECT** registration, followed by a request to verify your local address and the Main Menu of Options. You then select an option by pressing the appropriate key(s) on the keyboard.

A registration checklist and Schedule Planning Form, included in the *Timetable*, will help you develop your schedule before you log onto **U OF I DIRECT**.

You will be assigned a Registration Time based on the number of hours/units completed or in progress, according to campus policy.

Through **U OF I DIRECT** you can:

- REGISTER and add/drop classes
- UPDATE your address and telephone information
- PROVIDE information on appointment/graduation status
- OBTAIN a copy of your early registration schedule

Some classes are listed in the *Timetable* as "authorization only." Contact the department for approval before using the **U OF I DIRECT** system to register in one of these classes.

The **U OF I DIRECT** system will control for Registration Time; class size, academic program, maximum credit, advising hold (if applicable), and encumbrances. If an advising hold has been placed on your record, it must be removed before you can register. You should resolve all encumbrances as soon as possible. If you have an encumbrance on your record, access to **U OF I DIRECT** to register or to drop or add classes will be blocked approximately three weeks prior to the first day of instruction. **If you have an encumbrance on your record as of 5:00 PM the first day of instruction, your course registration for the term will be cancelled.** You can avoid having your course registration cancelled by resolving encumbrances.

Assistance using **U OF I DIRECT** will be available at the Records Service Center, 901 W. Illinois Street, from 8:30 AM until 5:00 PM, Monday through Friday. If you need information or assistance using **U OF I DIRECT**, contact registration@ oar.uiuc.edu or call 333-6565.

Student Responsibility

YOU ARE RESPONSIBLE for knowing and adhering to the policies, deadlines, and procedures in the *Timetable*. Careful reading of the various sections of this booklet will help you avoid enrollment problems.

U OF I DIRECT is the University system to register for courses by computer. When you do so, you agree to pay tuition and fees to the University according to the payment policies and schedules adopted by the Board of Trustees. If you wish to cancel your registration, and thus avoid payment of tuition and fees charges, you must do so by 5:00 PM of the first day of instruction.

Unauthorized use of University of Illinois computer systems, data, or resources; unauthorized use of another individual's identification, account, or password; or an attempt to gain unauthorized access is prohibited by University policy and may constitute a violation of Illinois state law. Access to U OF I DIRECT will be terminated if you are found to be making excessive unsuccessful registration attempts.

AS AN ENROLLED STUDENT, you are responsible for knowing and complying with the regulations of the University, your college, and the departments offering the courses you are taking, and for fulfilling the requirements for your particular degree. You may obtain the regulations of your college at the college office.

You are expected to conduct yourself at all times in accordance with accepted principles of responsible citizenship and with due regard for the rights of others.

You are advised to obtain a copy of the *Code of Policies and Regulations Applying to All Students*. That publication is available for inspection at college and departmental offices and libraries, at the Illini Union Information Desk, the Student Organizational Complex in the Illini Union, in the lobby of the Turner Student Services Building, and at the Records Service Center, 901 W. Illinois Street. The *Code* is also available on the Web (**http://www.uiuc.edu/admin_manual/code**).

NOTICE

The Family Educational Rights and Privacy Act affords students certain rights with regard to their educational records. See **http://www.oar.uiuc.edu/current/ferpa.html** (Notice of Rights with Respect to Educational Records) for the complete text of the Notification of Rights and page 6 of this document for additional information concerning educational records.

Registration Procedures

Registration Time - Invitation to Register

All eligible continuing and re-entry students are assigned a Registration Time, according to priorities established by campus policy. The Registration Time is the first time a student can access U OF I DIRECT registration for the term. You will be informed of your Registration Time in your Invitation to Register, available online at www.oar.uiuc.edu approximately two weeks before the start of the Registration Period. You will need your Net ID and password to access this site. (Contact registration@oar.uiuc.edu if you cannot access your secure Web site.) Within each priority grouping, Registration Times are assigned in intervals first by the number of hours earned plus the number of hours (if any) in progress. Further assignment, as necessary, is done randomly by student ID number.

Eligibility to Register

In general, students currently enrolled in Illinois degree programs can register early for the 2002 fall semester. You may **not** register early if you are:

- A part-time nondegree student.
- A student graduating prior to August 2002, unless you have been admitted to an Illinois graduate, professional, or second baccalaureate degree for fall semester 2002.
- A student newly admitted to a university degree program. Information about your initial registration procedures will be included in your Notice of Admission.

Advising Hold

Academic advising is recommended for all students and is required in most programs. You are encouraged to meet with your adviser to discuss your plan of study before using U OF I DIRECT to register.

An advising hold may be placed on your record if you are in a college/department in which advising is a mandatory prerequisite to registration. In such cases you must complete an advising session before your college/department will clear you to enroll using U OF I DIRECT. For additional information on the advising hold, please contact your college office.

Encumbrances

Academic and administrative offices may place encumbrances on your record for academic reasons, funds owed to the University, judicial reasons, and for failure to meet medical/immunization requirements. If you have an encumbrance(s) on your record, resolve it with the appropriate campus office as soon as possible. You will be informed of any encumbrance(s) on your Invitation to Register, on your Official Class Schedule and each time you access U OF I DIRECT. An encumbrance will not prohibit you from participating in early registration. You can continue to use the system to make course changes until your Official Class Schedule is mailed to you approximately three weeks prior to the beginning of the term.

After the Official Class Schedule is mailed, however, all encumbered students will be blocked from access to the U OF I DIRECT registration sequence. Students will be alerted to the presence of any encumbrance(s) on the Official Class Schedule and directed to the appropriate office(s) to resolve them. **Failure to resolve the encumbrance(s) prior to 5:00 PM of the first day of instruction will result in cancellation of your course registration for the term.**

Enrollment Requirements and Prerequisites

Many courses carry prerequisites and other enrollment requirements such as "consent of instructor," "enrollment limited to majors," "seniors only," "honor students," etc. These requirements are listed with each course and many are computer controlled. You are expected to comply with these prerequisites and enrollment requirements. Failure to do so may result in your being removed from the course. Should you have questions regarding these requirements, please contact the teaching department.

"Authorization Only" Courses

Some courses require departmental authorization prior to registration. If you are interested in an "authorization only" course listed in the *Timetable* you should consult the teaching department prior to your Registration Time. If you meet the enrollment requirements for the course, the department will authorize you online to enroll in the course. You, in turn, must register for the course using U OF I DIRECT.

Maximum/Minimum Enrollment Levels

The maximum amount of credit in which a student can enroll without special overload approval from his/her college office is:

Fall and Spring Terms	
Undergraduates	18 hours
Graduate, Vet Med, Medicine	5 units (20 hours)
Law	16 hours
Summer Term 1	
Undergraduates	4 hours
Graduate, Vet Med, Medicine	1½ units (6 hours)
Law	6 hours
Summer Term 2	
Undergraduates	9 hours
Graduate, Vet Med, Medicine	3 units (12 hours)
Law	6 hours

Should you wish to enroll above the established maximum, consult your college office.

U OF I DIRECT will display a warning message if you are not enrolled in a full course load for the term. Enrollment below the minimum may jeopardize your financial aid status, progress towards a degree, or visa status if you are an international student. Full-time enrollment for undergraduate students is 12 or more hours, for graduate students, 3 or more units.

During the fall and spring semesters, full-time undergraduate and professional students will not be permitted to reduce their credit load below 12 hours after the first day of instruction. College approval is required to carry a load of fewer than 12 hours.

Credit-No Credit

The credit-no credit grading option is designed to encourage students to explore areas of academic interest that they might otherwise avoid for fear of poor grades. All students considering this option are cautioned that many graduate and professional schools consider applicants whose transcripts bear a significant number of nongrade symbols less favorably than applicants whose transcripts contain none or very few. Likewise, in computing a preadmission grade-point average, some schools may convert the NC symbol to a failing grade because they do not know whether the actual grade was a D or F.

Credit-no credit courses are not counted toward the grade-point average, but are included as part of the total credit hours and are assessed as credit hours.

Instructors are not informed of those students in their classes who are taking work under the credit-no credit option and they report the usual letter grades at the end of the course. These grades are automatically converted to CR or NC. Grades of C- or better are required to earn credit.

The credit-no credit option is not available on U OF I DIRECT. Should you wish to elect this option, please consult your college office or graduate department.

Policy on Intercollege Transfer

An intercollege transfer applicant is one who is currently registered in an undergraduate college at UIUC and who wishes to be considered for admission to another undergraduate college at UIUC. Intercollege transfer applicants are considered on the basis of the intercollege admission requirements of the new college and availability of space in the chosen programs. This policy does not apply to students in the Graduate College, a professional college, or the College of Nursing.

The campus has designated two periods each term for intercollege transfer. They are:

TWO WEEKS PRIOR to the beginning of the Registration Period for each term. Curriculum changes will not be allowed after registration begins.

ONE WEEK PRIOR to the start of instruction for the term and through the first week of instruction.

If you intend to apply for intercollege transfer, you should do so within these designated time frames. Your access to certain courses is dependent upon your college of enrollment.

Student Health Insurance

The University's Board of Trustees requires that all students be covered by a health insurance plan, either the University's Student Health Insurance Plan or a plan determined by the University to be equivalent. Request for exemption from the health insurance fee, purchase of dependent coverage, etc., are limited to specific time periods at the beginning of each semester. See Student Health Insurance Plan section on page 22 for deadline dates and instructions.

U OF I DIRECT Network ID and Password

To access U OF I DIRECT, you will use your Network ID and password. **All UIUC students are assigned a Network ID and password when they are admitted to the University.**

As with any computerized system, security of the data is a primary concern. In order to maintain the security of your student records and class schedule, it is imperative that you protect your Network ID and password. NEVER tell anyone your password. NEVER let anyone use your Network ID and password. The importance of your password is much like that of a bank card PIN—ALWAYS protect the privacy and security of your password. You are encouraged to change your password periodically to maintain the security of your Network ID.

You may change your Network ID password using a secure online Web page at **https://www-s.uiuc.edu/bluestem/kpasswd.cgi**. You may also change your password using a computer at any CCSO site. Staff at these locations can assist you. A document entitled, "Changing Your Network ID and Password" is also available at these sites. It describes the procedure you use to change your password. If you forget your password, go to the Account Services desk at the CCSO Resource Center at 1420 DCL between 8:30 and 5:00 PM, Monday through Friday to have your password reset so you can resume using your network ID.

If you have questions or concerns about your Network ID and password, contact the CCSO Central Help (1420 DCL, 244-1258).

Dial-up Access via Modem

You may access U OF I DIRECT using a modem. For complete details, see the section entitled "U OF I DIRECT Registration Instructions."

U OF I DIRECT Registration Checklist

☐ Have Your U OF I DIRECT Registration Materials

To register for courses using U OF I DIRECT you need:

U OF I DIRECT Schedule Planning Form (located in the back of the *Timetable*)

YOUR Network ID and password

YOUR Registration Time from your Invitation to Register

Using your Net ID and password, access your Invitation to Register on your secure Web site at www.oar.uiuc.edu. (Contact registration@oar.uiuc.edu if you cannot access your secure Web site).

☐ Meet with Your Adviser

ACADEMIC advising is recommended for all students and is required in many programs.

DISCUSS with your adviser alternative course selections in case your first choice offerings are full or unavailable to you.

COMPLETE the Schedule Planning Form as a guide.

☐ Prepare for Enrollment Restrictions that May Be Placed by Departments

Consent Instructor/Authorization Required:

If you plan to select courses requiring consent of instructor or departmental approval, contact the department offering the course to obtain permission PRIOR TO registering via U OF I DIRECT. Approval to register in AUTHORIZATION ONLY courses is entered into the U OF I DIRECT system online by the department offering the course. You, in turn, must register for the course using U OF I DIRECT.

Independent Study Courses:

Independent study courses require the instructor's permission before registering. If you select an independent study course, obtain permission from the instructor PRIOR TO registering via U OF I DIRECT.

Courses with Prerequisites:

Many courses have prerequisites. The prerequisites are intended to help you succeed in the course. You are expected to comply with them. You may be removed from a course for failure to comply with the prerequisites.

Courses with Restrictions:

Some courses have restrictions which limit registration to students meeting certain criteria, e.g., college, curricula, year in school, honors, or placement test scores. Many restrictions are computer controlled. You may be removed from a course if you do not meet the course criteria. Consult the department offering the course if exceptions to these restrictions are required.

☐ Clear Advising Hold and Encumbrances

IF YOU HAVE an advising hold and/or an encumbrance(s) on your record, that information will appear on your Invitation to Register and in the U OF I DIRECT system.

THE ADVISING hold must be cleared online by your college or department before you can register using U OF I DIRECT.

AN ENCUMBRANCE should be resolved as soon as possible, but will not block your access to U OF I DIRECT registration until after your Official Class Schedule has been mailed to you, approximately three weeks prior to the first day of instruction for the term. **If you have an encumbrance on your record as of 5:00 PM on the first day of instruction, your course registration for the term will be cancelled.**

☐ Use a Computer on Campus (or via Modem) to Register

WITH THE foregoing steps completed, use your Schedule Planning Form (located in the back of the *Timetable*) as a guide to register in courses via U OF I DIRECT. There are multiple points of access to U OF I DIRECT conveniently located on campus. Many of these locations are listed in the *Timetable*. Dial-up access via modem is also available.

CONTINUING students can download the U OF I DIRECT software to their own computers and run the application over a modem. See **http://www.uiuc.edu/ccso/pubs/connect/kermit/** for more information about downloading this program. This software is not available to incoming students.

☐ Register for a Complete Schedule

YOU ARE advised to register for a complete schedule of courses for the term as soon as possible following your Registration Time.

ALTHOUGH additional seats may become available in a few courses, and additional sections may be added to some courses prior to the start of the term, you should not delay completing your schedule based on the assumption that seats will eventually become available in courses which have closed.

COMPLETE a workable course schedule early, even if every course is not your first choice.

☐ Verify Your Addresses

YOU ARE required to provide a local and a home address. If either is blank, U OF I DIRECT will require that you provide the addresses before you will be allowed to add courses.

MAKE CERTAIN that your local, home, and emergency addresses are correct so you don't miss any important information from the University.

☐ Graduate Students: Check Your Appointment

A GRADUATE student with a teaching or research appointment must choose menu option F from the U OF I DIRECT Main Menu. Select the letter that corresponds to the percent time of your appointment to ensure that you receive proper credit for your tuition and service fee waivers.

☐ If you expect to receive your degree at the end of the term . . .

BE SURE to check menu option E to petition for your degree.

U OF I DIRECT Registration Instructions

Logging on to U OF I DIRECT

Once at a computer on campus that has the U OF I DIRECT registration software, use the following instructions to access the system. Carefully follow the provided instructions that explain the necessary way to exit the system. Failure to do so may compromise your password.

From a Macintosh on Campus

To log on:

DOUBLE click on the icon entitled "U OF I DIRECT Registration". The location of this program will vary depending upon which computer you use. In the CCSO public sites, the U OF I DIRECT registration program can be found in MAC_APPS:U OF I DIRECT.

A dialog box will prompt you to "Please enter your Network ID and password."

PRESS the <Tab> key until the Network ID field is highlighted.

TYPE in your Network ID.

PRESS the <Tab> key. The password field should be highlighted.

TYPE in your password.

PRESS <Return>. After a brief delay, you will see a message that says "Welcome to the U OF I DIRECT System."

FOLLOW the instructions on the screen to continue. Complete your registration.

To log off:

CHOOSE option "X" on the Main Menu and press <Return>.

FROM the exit screen, choose "X" to exit the U OF I DIRECT system and press <Return>.

ONCE you have chosen "X" to exit and pressed <Return>, the window should disappear, indicating that you have successfully exited the system.

From a PC on Campus

To log on:

RUN the U OF I DIRECT registration program. The location of this program will vary depending upon which computer you use. In the CCSO public sites, the U OF I DIRECT registration program can be found on the menu under "Network Services."

DOUBLE-CLICK on the icon entitled "U OF I DIRECT Registration."

WHEN prompted at the "Enter your Network ID:", type in your Network ID at the prompt and press <Enter>.

NEXT the program will prompt you for your "Password:" Type in your password and press <Enter>. After a brief delay, you will see a message that says "Welcome to the U OF I DIRECT System." (If this message does not display, you may have typed your Network ID or password incorrectly. Run the program again and try retyping your Network ID and password).

FOLLOW the instructions on the screen to continue. Complete your registration.

To log off:

CHOOSE option "X" on the Main Menu and press <Enter>.

FROM the exit screen, choose "X" to exit the U OF I DIRECT system and press <Enter>.

ONCE you have chosen "X" to exit and pressed <Enter> from the exit screen, you will see some messages including "Tickets destroyed". You have successfully exited the U OF I DIRECT system. If you are at a CCSO site, remember to LOGOFF the machine, also.

Dial-up Access via Modem

If you have the necessary equipment (modem and a computer) AND you are a continuing student, you can install the U OF I DIRECT software on your computer. See http://www.uiuc.edu.ccso/pubs/connect/kermit for directions.

If you have difficulty accessing U OF I DIRECT with a modem, information and assistance is available from CCSO, phone 244-1258.

IMPORTANT NOTICE

Access to U of I Direct will be terminated if you are found to be making excessive unsuccessful registration attempts. The department office should be consulted if you need assistance in adding a particular course.

Part-Time, Late, and Visitor Registration

Part-Time Nondegree Registration

If you are a part-time nondegree student, you may register between Tuesday, Sept 3 and Friday, Sept 13. To register, follow the instructions for late registration. Part-time nondegree students who register on these dates will not be charged the late registration fine.

Late Registration

> Conducted via U of I Direct from Thursday, Aug 29, until 5:00 PM Friday, Sept 13. To complete late registration during this time period, follow the prior instructions in the *Timetable* beginning at "U of I Direct Registration Checklist."

Students registering on or after Monday, Sept 16, lose the privilege of using U of I Direct. Beginning Sept 16, after you have met with your adviser and secured any required course approvals and clearances, bring your completed Late Registration Form to the Records Service Center, 901 W. Illinois Street to complete registration.

WARNING: Very late registrants are reported to lenders of student loans as NOT REGISTERED until mid-term.

There is a penalty for registering late. You will be assessed a late registration fine of $15 (amount subject to change) unless you are registering as a visitor.

Registration of Visitors

A visitor is only a listener in a class and may not participate in any class activities. Visitors are not permitted in laboratory, military, kinesiology (other than theory), or studio classes. Students on "dropped" status are not eligible to attend classes as visitors.

To register as a visitor, written approval is required on an official Visitor's Permit available either at the Records Service Center, 901 W. Illinois Street, or at your college office. After obtaining the form, proceed according to one of the following conditions:

> If you are a currently enrolled student: Obtain permission from the instructor of the class and the approval of the dean of your college.
>
> If you are a former student not currently registered: Obtain the approval from the instructor of the class and the dean of the college in which you were last registered.
>
> If you have not been previously registered at the University: Obtain the approval from the instructor of the class and the dean of the college in which the course is offered.
>
> If you are a staff employee of the University: In addition to obtaining other required approvals, you must secure the recommendation of the head of the department or unit in which you work.

After obtaining all required approvals on the Visitor's Permit form, bring the form to the Records Service Center, 901 W. Illinois Street to complete registration.

Tuition and Fees

Registration Charges, Payments, and Refunds

Waivers and Exemptions

If you receive a waiver, you are assessed the amount of the charge but the amount is waived by University policy. Because you were assessed the charge, you are eligible to receive the benefits of the service provided by that charge.

If you are exempt from a particular charge, that charge is not assessed and therefore you are not eligible to receive the benefits of the services provided by the charge. If you have an exemption from any charge because you are registered in Credit Range IV, (law students Credit Ranges III, IV) you may obtain the benefits of the service provided by making individual arrangements. (See "Fees and How They Are Determined.")

Tuition and fee waivers are not granted for the Executive MBA or other full-cost programs. Detailed information on tuition and fee waivers and exemptions is published in the *Code of Policies and Procedures Applying to All Students*, which is available on the Web (http://www.uiuc.edu/admin_manual/code).

If you believe that you qualify for any of the waivers or exemptions, consult the staff at the Records Service Center, 901 W. Illinois Street.

Tuition and Fee Assessments

Tuition rates are determined by the University Board of Trustees. Assessment is based on your college and your class, curriculum of enrollment, your residency classification, and your credit range.

College of Enrollment

Your tuition rate is based in part on whether you are an undergraduate, graduate, or professional student. Among undergraduates in art, architecture, and music, there is a further differential between students in the lower (0-59.9 semester hours) and upper (60 semester hours or more) divisions. Undergraduate nondegree students are assessed at the upper-division rate. All students enrolled in engineering, chemical and life sciences, and art, architecture, and music, and the master's of business administration curricula are assessed a tuition surcharge.

Because the Professional Veterinary Medicine Program requires a full course of study each term, students in that curriculum are assessed a single tuition rate for each of the four years of the program.

Students enrolled in the nursing and medical sciences programs on the Urbana-Champaign campus are assessed tuition at Chicago campus rates. Fees are assessed at Urbana-Champaign campus rates.

Information about tuition rates for students in flight training, study-abroad, Executive MBA, and other special-cost programs may be obtained at **http://www.oar.uiuc.edu/current**, the Records Service Center, 901 W. Illinois Street, registration@oar.uiuc.edu, or by calling 217-333-0210.

Residence Classification

Another factor in determining your tuition rate is your residence classification (resident or nonresident of Illinois as defined and determined according to regulations approved by the University Board of Trustees). Your classification is based on information you provide on your admission application and other credentials. Residency rules are available on the Web (**http://www.uoapa. uillinois.edu/residency.html**).

To request a change in your residency classification, obtain a petition at the Records Service Center, 901 W. Illinois Street. You must submit the petition by October 1. If you fail to submit a petition within the allotted time period, you lose all rights to a change in status and adjustment of your assessed tuition for the term. Telephone (217) 244-3216 for additional information.

Fees and How They are Determined

The fee schedule is fixed by the University Board of Trustees and is calculated on the basis of the number of semester hours or units of credit for which you are registered. Fees to be assessed this semester are:

General Fee: Supports certain fixed costs of fee-supported buildings (IMPE, Ice Arena, Assembly Hall, Illini Union, Athletic Facilities, etc.) on campus.

Service Fee: Supports salaries, programming, general expenses, and utilities for campus auxiliary service units such as the Illini Union, the Assembly Hall, and Campus Recreation. *(Students exempt from this fee because they are registered in Credit Ranges III & IV may obtain the services by paying the fall semester fee at a cashier's window in 100 Henry Administration Building by no later than 4:00 PM, Sept 27,2002.)*

Health Service Fee: Supports salaries, programming, general expenses, and utilities for McKinley Health Center and the Counseling Center. *(Students exempt from this fee because they are enrolled in Credit Ranges III & IV may obtain the services by paying the fall semester fee at the McKinley Health Center Business Office by no later than 5:00 PM, Sept 27, 2002.)*

Health Insurance Fee: Covers the cost of premiums to the insurance carrier and the cost of administering the program.

Transportation Fee: Supports a campus and community busing plan for students. *(Students exempt from this fee because they are enrolled in Credit Ranges III & IV may obtain the services by paying the fall semester fee at the Division of Campus Parking by no later than 5:00 PM, Sept 27,2002.)*

Flight Training Fee: Charged each student enrolled in flight training courses in addition to regular tuition and fee registration charges; based on the nature of each course.

Krannert Fee: Refundable; supports productions at the Krannert Center for the Performing Arts.

SEAL Fee: Refundable; assessed students registered on campus to supplement existing financial aid for needy students.

SORF: Refundable; supports the Student Legal Service and assists in funding programs and/or services of registered student organizations.

ISG Fee: Refundable; supports the activities of student government.

Students exempt from KCPA, SEAL, SORF, and ISG fees because they are registered in Credit Ranges III & IV may participate in them by paying a $17 fee at a cashier's window in 100 Henry Administration Building by no later than 4:00 PM, Sept 27, 2002. The charge will cover all four fees which may not be purchased separately.

For refund dates on all refundable fees, see the section "Refund of Special Fees."

Tuition and Fees Billings and Payments

Important Dates

Sept 20	Payment deadline if registered by 5:00 PM, Sept 13
Sept 16 and thereafter	Payment deadline is 4:00 PM on day of registration

Billings and payments for all registration charges, plus charges for University-operated housing, occur after classes begin. Billing is done on a Registration Statement of Charges and Aid which itemizes all registration charges, financial aid administered by the University, financial aid from external agencies (ISSC, VA, etc.), and any cash aid for which you are eligible. The statement also contains the date by which either full payment or the first payment on the installment plan (if approved) must be made. The availability of statements and the payment deadline dates are determined by when you register.

If you clear all encumbrances, and have classes on your record by the end of the first day of instruction (Aug 28), your Registration Statement of Charges and Aid will be mailed to your local address around Aug 30. Payment will be due on Sept 20. If your statement does not arrive by Sept 4, go to Window 7, 100 Henry Admin. Bldg. and request a duplicate. **IT IS YOUR RESPONSIBILITY AND OBLIGATION TO OBTAIN A STATEMENT AND TO PAY YOUR REGISTRATION CHARGES BY THE DUE DATE WHETHER OR NOT YOU RECEIVED A STATEMENT AT YOUR LOCAL ADDRESS.**

If you late register between Aug 29 and Sept 13, your payment will be due on Friday, Sept 20.

If you register Mon, Sept 16 or any day thereafter, you must make payment by 4:00 PM on the day of registration at a cashier's window in 100 Henry Administration Building.

Your registration statement will be mailed to the local address you provide through U OF I DIRECT. You may make payment by U.S. mail, registration drop boxes (located in the Illini Union and the Henry Administration Building), or in person at a cashier's window in 100 Henry Administration Building.

Payment Instructions

USE THE special registration drop boxes to return your payment. Do not use campus mailboxes.

ALLOW FIVE DAYS for delivery if you remit by U.S. mail.

DO NOT SEND CASH either through the mail or via the drop boxes.

IF PAYING WITH A DEBIT CARD, go to Window A in room 100 Henry Administration Building. CREDIT CARDS ARE NOT ACCEPTED.

IF YOU MUST PAY IN CASH, pay at a cashier's window in 100 Henry Administration Building.

Where Can I Make Payment? If your payment deadline is Friday, Sept 20, you may use either U.S. mail or registration drop boxes (not campus mail boxes) to return your statement along with a check or money order in the correct amount. If you must pay in cash, go to a cashier's window in 100 Henry Administration Building.

Special registration drop boxes for payment of registration charges will be available until Friday, Sept 20, at the following locations:

HENRY ADMINISTRATION BUILDING (east and west entrances)

ILLINI UNION (southwest entrance)

Can I Pay by Installment? An installment plan for paying tuition and fees and single-student residence hall charges is available to students enrolled on campus. **This privilege is not extended to registration in extramural, correspondence, and Summer Term 1 courses, or to students to whom the privilege has been denied.**

Charges for the semester are collected in three installments; the first payable by the due date shown on the original statement, and the remaining installments payable in October and November.

A one-time finance charge of 1 percent of the total amount deferred, or $2 (amount subject to change), whichever is greater, is made against accounts being paid under the installment plan. An installment payment of charges becomes delinquent on the first day of the month following the date payment was due. Students with delinquent accounts exceeding the dollar limitation may be denied charging privileges.

If you either pay your registration charges on the installment plan or make no payment at all and then later either withdraw from the University or reduce your registration to a lower credit range after the established refund deadline date for the semester, you are liable for the full amount of tuition and fees assessed.

What If I Don't Make Payment by the Due Date? The due date for payment either in full or by installment is printed on your statement. If you do not make full or first-installment payment by the scheduled due date shown on the statement, you will be assessed a $25 (amount subject to change) registration late payment charge that will be billed to your student account.

A delinquent service charge of 1½ percent or $2 (amount subject to change), whichever is greater, is added per month to delinquent student accounts. At any point in the semester, a student who has a delinquent account exceeding the dollar limitation may be denied charging privileges. The delinquent service charge is applied to all items charged to the student account and for which payment is delinquent.

If you are in debt to the University at the end of any term, you may not be permitted to register in the University again. You are not entitled to receive either a diploma or an official transcript of your credits until you have either paid the indebtedness or made suitable arrangements for payment, unless you either have a bankruptcy petition that seeks a discharge of all such indebtedness or all such indebtedness has been discharged.

Special Warnings about Payments. A penalty of $25 (amount subject to change) is assessed for each check you present to the University that is returned to the Office of Student Accounts and Cashiers because of insufficient funds or for other reasons. Check cashing privileges may be suspended when more than one check is returned to the University. In most cases, the person who endorses a two-party check is the one liable for any penalties charged if that check is returned.

Additional penalties, INCLUDING DISMISSAL FROM THE UNIVERSITY, may be imposed on students who permit their University accounts to become delinquent or who issue checks that are returned to the University unpaid.

Taxpayer Relief Act of 1997

Several new tax benefits became available to eligible students and their families with the enactment of the Taxpayer Relief Act of 1997. This legislation grants eligible taxpayers a tax credit for qualified higher education expenses. Two of those credits are the Hope Scholarship Credit and the Lifetime Learning Credit.

The University of Illinois' Web site contains information about the Taxpayer Relief Act including information from the Internal Revenue Service (IRS). For a full explanation of the tax credits, visit the Web Page on the Internet.

www.uoapa.uillinois.edu/TRA

Important: Please note that only the IRS or a tax professional can provide tax advice on this legislation. Contact one of these resources if you have questions about the law. The University cannot provide tax information or advice.

Student Health Insurance Plan

The University provides and administers a health insurance plan which is mandatory for those students who have not provided proof of other equivalent health insurance coverage by the semester deadline. The fee for the plan is assessed along with other tuition and fees; tuition and fee waivers do not apply to the student insurance fee. Coverage is worldwide and extends, including breaks, from the first day of the semester (Summer 2 is a semester) to the first day of the following semester. The insurance plan is independent of McKinley Health Service and benefits are not contingent upon McKinley Health Service referrals. Benefits are detailed in the Student Health Insurance Plan booklet which is a available at the Student Insurance Office at 807 South Wright, Suite 480, Champaign, IL 61820; (217) 333-0165, or on the Web at **http://webster.uihr.uiuc.edu/students**. See below for information and instructions regarding fee exemption, dependent coverage, etc.

Fall Semester Health Insurance - Enrollment Change Period:

Aug 26–Noon, Sept. 20, 407 Illini Union

All Student Insurance transactions must be accomplished by the Insurance Deadline either in person or by U. S. Mail to the Student Insurance Office located at 807 S. Wright, Suite 480, postmarked on or before the Insurance Deadline. Visit our Web site at **http://webster.uihr.uiuc.edu/students** to download required forms, or call (217) 333-0165. Requests made by any other means will be invalid and could result in missing the deadline.

Purchase Health Insurance for Spouse and/or Children

MUST be applied for during the Enrollment/Change Period identified above, either in person, or postmarked through the U. S. Mail to the Student Insurance Office, 807 S. Wright, Suite 480. See our Web site at **http://webster.uihr.uiuc.edu/students** to download necessary forms, or call (217) 333-0165.

DEPENDENT coverage becomes effective on the date of application and receipt of premium or the beginning date of the semester for which coverage is being purchased, whichever is later.

DEPENDENTS insured the prior semester will have no lapse in coverage provided the application and premium are received during the enrollment change period.

DEPENDENTS acquired (marriage, birth, entry into U.S.) after the above enrollment period may be added to coverage provided application is made and premium paid within 31 days of the eligibility date (date of marriage, birth, or entry into U.S.). Coverage becomes effective on the date of eligibility. Payment of a full semester's premium for the semester in which the eligibility date occurred is required.

Coverage Extensions beyond Last Semester Enrolled and Insured

INSURANCE coverage ends on the beginning date of the next semester; however, it can be extended for the next school period if an Extension is purchased by the semester deadline. For example, if you were a student and insured for Spring and will not be a student in the Summer Term 2, coverage will not continue through Summer Term 2 unless you elect to purchase a Summer 2 Extension.

EXTENSIONS for fall semester may be purchased beginning July 16, 2001, at the Student Insurance Office or at 407 Illini Union, from Aug 26, through Sept. 20, 2002.

THE PREMIUM is payable at time of application.

Exemption from Health Insurance Fee

PETITIONS for exemption must be completed in person or postmarked through the U. S. Mail to the Student Insurance Office, 807 S. Wright, Suite 480, during the Enrollment Change Period identified above. See our Web site at **http://webster.uihr.uiuc.edu/students** to download necessary forms, or call (217) 333-0165.

PROOF of other insurance must be provided; acceptable proof can be your insurance identification card, a copy of the policy, plan booklet, or notice on company letterhead from the employer or company certifying your coverage. Other insurance must be in effect by the first day of instruction for the semester exemption is requested.

AN EXEMPTION will automatically continue until reinstatement to the plan is requested (see Reinstatement below) or if you do not respond to a periodic request to confirm that you continue to be covered by another health insurance plan, or three consecutive semesters of non-registered status. Summer Term 2 is a semester.

Reinstatement Conditions

APPLY within 31 days of the loss of other insurance; coverage is guaranteed and will be effective the date of application or date of other coverage termination, whichever is later. Proof of other coverage termination is required.

APPLY more than 31 days after loss of other insurance or if no loss of other coverage has occurred, by providing evidence of good health. If approved, coverage is effective the date of application and will be subject to a pre-existing condition limitation for the first 120 days of coverage.

A FULL semester premium is required regardless of effective date.

Graduate Student Dental and Vision Assistance Plan

Graduate assistants and fellows who have tuition waivers accompanying their appointments in the fall term will be automatically enrolled for 12 months without charge in the dental and vision plan upon the completion of their appointment papers. All other graduate students, as well as dependents of graduate students and assistants, will be able to enroll in the same basic dental and vision program by completing the necessary enrollment form and paying the annual premium. The fall enrollment period is the same as that for student health insurance, August 26, 2002 through September 20, 2002. Enrollment for the dental and vision plan can be done in room 407 of the Illini Union during this period. A brochure describing the Graduate Student Dental Plan and the Vision Service Plan is available from the Student Insurance Office.

Refunds

Reduction of Program Range

If you reduce your course enrollment to a lower assessment range (e.g., from Range I to Range II), you receive a refund of the full difference between the two ranges, provided the change is made by 5:00 PM, Friday, Sept 13, 2002. No refund is available thereafter.

In the case of extenuating circumstances, such as medically documented serious illness or injury, an exception to the refund period may be made by the director of admissions and records, acting on a petition submitted by a student.

In all cases, a student who is enrolled in only one course and who wishes to discontinue enrollment must withdraw from the University by completing the withdrawal process by the stated deadline. (See Withdrawal From the University)

Refund Deadlines

You may be released from your obligation to pay **all** tuition and fees by canceling your registration by 5:00 PM, Aug 28, 2002.

You may be released from your obligation to pay **part** of the tuition and fees by:

REDUCING your program by 5:00 PM, Friday, Sept 13, 2002.

WITHDRAWING from the University by 5:00 PM, Friday, Nov 8, 2002.

Refunds of Special Fees (Subject to change)

Krannert Fee. A refund of the Krannert Fee is available to those students who do not desire to participate. This refund is available September 30 - October 4 at the Cashiers, 100 Henry Administration Building.

SORF. A refund of SORF is available to those students who do not desire to participate. This refund is available October 7 - October 11 at the Cashiers, 100 Henry Administration Building.

ISG. A refund of ISG is available to those who do not desire to participate. This refund is available October 7- October 11 at the Cashiers, 100 Henry Administration Building.

SEAL Fee. A refund of the SEAL Fee is available to those students who do not desire to participate. This refund is available October 14 - October 18 at the Cashiers, 100 Henry Administration Building.

Flight Training Fee. If you withdraw from a flight-training or glider course you will receive a refund of the unused portion of the flight-training, glider, or aviation course fees, upon recommendation of the Institute of Aviation.

Canceling Your Registration

Before the end of the first day of instruction, you may cancel your registration and be relieved of all tuition and fee charges. You may cancel your registration in one of the following ways:

ONLINE by using U OF I DIRECT, no later than 5:00 PM on the first day of instruction of the term you wish to cancel.

BY SUBMITTING a request for cancellation of registration to the Office of Admissions and Records. The request must be received no later than 5:00 PM on the first day of instruction of the term you wish to cancel. Requests by mail should be addressed to the Office of Admissions and Records, 901 W. Illinois Street, Urbana, IL 61801.

IN PERSON at the Records Service Center, 901 W. Illinois Street, by 5:00 PM on the first day of instruction of the term you wish to cancel.

You may cancel your registration provided you have neither attended any classes nor received any related student services. If you cancel your registration and do not plan to return for a future term, you must also cancel any future courses for which you have registered.

If you either attend a class or use campus services and then wish to leave the University, you must officially withdraw.

Withdrawal from the University

To withdraw, you must follow established withdrawal procedures beginning with completion of a withdrawal form available from the office of the dean of your college or graduate department.

To obtain a partial refund of fall semester registration charges, you must deposit a completed withdrawal form at the Records Service Center, 901 W. Illinois Street, no later than 5:00 PM, Friday, November 8, 2002. No refund is available thereafter. In cases of extenuating circumstances, such as medically documented illness or injury, an exception to the refund period may be made by the director of admissions and records, acting on a petition submitted by a student. Petition forms are available at the Records Service Center, 901 W. Illinois Street.

If you officially withdraw within the refund period, you will receive a pro-rata refund based upon the date on the withdrawal clearance form.

Withdrawal effective date:	Percent of assessed tuition and refundable fees refunded:
Aug 28, 2002	100 percent (cancellation)
Sept 13, 2002	90 percent
Sept 20, 2002	80 percent
Oct 4, 2002	70 percent
Oct 18, 2002	60 percent
Oct 25, 2002	50 percent
Nov 8, 2002	40 percent

Assessed tuition, the service fee, the general fee, and the transportation fee are refunded on a pro-rata basis, less a pro-rata administrative fee of 5% of the assessed amount or $100, whichever is less. The health insurance and health services fees are not refundable.

If you withdraw, you continue to be covered by health insurance and are eligible to receive health services (if you paid these fees) until the first day of instruction for the next term. Before a refund is made to you, the University must make a refund to appropriate financial aid programs providing assistance to you. If you are indebted to the University at the time of withdrawal, the amount owed will be deducted from the amount of any refund available.

If you are permitted to pay tuition and fees on the installment plan, or if you make no payment at all, and then withdraw from the University, you are liable for the full amount of tuition and fees originally assessed less applicable refunds.

Special refund policies apply to those who withdraw to enter either active duty in the armed forces or other approved national defense service.

Courses Listings

The following *Timetable* of courses offered by the University is subject to whatever changes may prove necessary at registration time. Notices of all changes in time or place of meeting of classes will be posted to the online *Timetable* (see page 2).

Arrangement

The arrangement of subjects in this *Timetable* is alphabetical. The courses offered in each subject are listed numerically with headings to indicate the students for whom they are designed. Courses for undergraduates (designed primarily for freshmen and sophomores) are numbered 100 to 199; for undergraduates who satisfy the published requirements, 200 to 299; for primarily junior, senior, professional, and graduate students, 300 to 399; for graduate and professional students, 400 and above. Following the title of each course is a statement of the requirements, if any, for admission to the course.

Class Periods

Class periods for each course are indicated by numerals for the hours of the day and by letters for the days of the week. For example, 8-10 MTWTh+ indicates that class periods begin at 8:00 AM and continue for approximately two hours on Monday, Tuesday, Wednesday, and Thursday; 11-1230 TT+ means that class periods begin at 11:00 AM and continue for ninety minutes on Tuesday and Thursday. Any class beginning after 6:00 PM is indicated by the letters PM. For example, 730-930PM+ indicates that the class period begins at 7:30 PM and continues until approximately 9:30 PM.

Class Locations

The place of meeting of each class is shown by the number of the room and the name of the building. A listing of the building abbreviations may be found in this *Timetable*.

Credit

Credit for undergraduate courses is counted in semester hours. A semester hour is one class period a week for one semester or the equivalent in laboratory work, fieldwork, or approved independent study. The number of hours for which each course counts is shown under the course.

Credit for graduate courses is counted in units. The unit value of each graduate course is indicated under the course. No course may be taken for graduate credit unless it is so designated in this *Timetable* or the online *Timetable*. In general, 1 graduate unit is the equivalent of 4 semester hours of undergraduate credit.

Some courses have variable credit, such as 3 to 5 hours or 0 to 2 units; in registering for a course with variable credit each student indicates the number of hours or units for which he or she intends to take the course on the U OF I DIRECT screen at the time of registration.

A course may not be taken for zero credit unless such credit is specifically authorized in the *Timetable*.

Pending Sections

Pending sections are sections shown in the *Timetable*, but not yet open for students to register in. They are identified by the letters "PEND" in the space where the call number normally appears.

Departments may open pending sections later, if they have the staff to teach them and enough students enrolled. Once a pending section is opened, its call number appears both as an alternate selection on the registration screen, and in the *Timetable* listed in the World Wide Web.

You cannot enroll in a pending section until it is opened by the department. If you have questions about the possibility of a pending section being opened, please contact the department offering the course.

First-Year Discovery Courses

In the First-Year Discovery Program, entry-level undergraduates can choose from a variety of small, faculty-taught courses that provide an opportunity to interact with faculty and other students from the start. Discovery sections are offered in many formats and disciplines, but all have in common the goal of helping first-year students in the transition to the intellectual community of the campus. All Discovery sections are small, with enrollments limited to twenty students or fewer; all are faculty-taught and interactive.

Discovery courses are listed in the body of the Timetable, where you can find the complete information needed to register for the courses, including the call numbers as well as

the lecture/lab/discussion section times and locations, and any enrollment restrictions. Descriptions of the courses and the faculty who will teach them can be found in the Discovery Booklet provided to all new freshmen students when they register during the summer. Course descriptions and faculty bios are also available at **http://www.provost.uiuc.edu/discovery/**.

Registration in the Discovery Program is restricted to first-year students. For a complete list of Discovery Courses, see the separate Discovery booklet, available May 2002. Booklets will be distributed at summer orientation.

Campuswide General Education Courses

Courses approved for campus-wide General Education credit are identified throughout the *Timetable* using the abbreviations below:

Comp II = Composition II
W = Western/Comparative Culture(s)
NW = Non-Western Culture(s)
US = US Minority Culture(s)
HP = Historical and Philosophical Perspectives
LA = Literature and the Arts
LS = Life Sciences
PS = Physical Sciences
QR1 = Quantitative Reasoning I
BS = Behavioral Sciences
SS = Social Sciences

Although all of the courses marked as General Education in the *Timetable* are approved on the campus level, they may not satisfy specific requirements in individual curricula. Therefore, campus-wide approval does not guarantee that a course will satisfy the requirements of a specific college or curriculum. Students in teacher education programs must consult the Council on Teacher Education General Education Course List when selecting their courses to meet General Education requirements. All other students should consult their advisors about selecting the General Education courses which best fit their programs of study.

Please note that some courses are part of a General Education sequence and all courses in the sequence must be taken to receive General Education credit.

For General Education requirements and current course lists, see the General Education Web site at **http://www.provost.uiuc.edu/gened.**

LAS LEARNING COMMUNITIES AT ILLINOIS FOR FIRST-YEAR STUDENTS

For Fall 2002, the College of Liberal Arts and Sciences (LAS) will be offering 62 Learning Communities for first-year students enrolled in the colleges of Liberal Arts and Sciences, Commerce and Business Administration, and Education. Each of the LAS Learning Communities will have 16-18 first-year students who share their experiences in two academic courses and in a one-hour credit seminar (LAS 100). Registration in a Learning Community reserves for first-year students a place in some of the highest demand first-year courses, and each Learning Community will be able to work each week with an upper-class honors student who has training and experience in study methods strategies which can assist the academic efforts of the first-year students. The department note should carry the following notation:

> Section ???: First year LAS Learning Communities Program section. Priority registration will be given to Freshman participants in the LAS Learning Communities Program with some seats available for other students. For a listing of LAS Learning Communities, see the front portion of this Timetable.

THIS COURSE IS FOR FIRST AND SECOND YEAR UNDERGRADUATES WHO ARE
INTERESTED IN LEARNING ABOUT THE RESEARCH WORK OF FACULTY MEMBERS
IN ASTRONOMY AND ASTROPHYSICS, AND IT COMPLEMENTS AND FOLLOWS ASTR
199 DS (DISCOVERY SEMINARS FOR UNDERGRADUATES). STUDENTS WILL MEET
WITH A DIFFERENT FACULTY MEMBER FOR ONE HOUR EACH WEEK INFORMALLY
TO FIND OUT WHAT THE FACULTY MEMBER IS DOING IN ASTRONOMICAL OR
ASTROPHYSICAL RESEARCH.
ASTR 199 SECTION R1 IS PRIMARILY MEANT FOR STUDENTS WHO ARE
INTERESTED IN PURSUING INDEPENDENT STUDY OR A RESEARCH PROJECT

ASTR 199 CONTINUED

WITH A FACULTY MEMBER BY FOLLOWING UP WITH ASTR 290 (INDIVIDUAL STUDY) IN THE SPRING SEMESTER. ASTRONOMY MAJORS AND PHYSICS MAJORS INTERESTED IN ASTRONOMY AND ASTROPHYSICS ARE STRONGLY ENCOURAGED TO TAKE THIS COURSE. DOING INDEPENDENT STUDY AND RESEARCH PROJECTS WITH A FACULTY MEMBER ARE IMPORTANT AND EFFECTIVE WAYS FOR STUDENTS TO LEARN IN A REALISTIC CONTEXT THEY PROVIDE GOOD PREPARATION FOR SUMMER RESEARCH ASSISTANTSHIPS AT UIUC, AT NATIONAL OBSERVATORIES AND LABORATORIES, FOR GRADUATE STUDY, AND IN THE WORKING WORLD GENERALLY.
THIRD AND FOURTH YEAR UNDERGRADUATE STUDENTS SHOULD TAKE ASTR 396 WHICH IS OFFERED IN THE SPRING SEMESTER.

THE ETHNOGRAPHY OF THE UNIVERSITY OF ILLINOIS
The course will consider the ethnographic research of diverse practitioners on UIUC, including the faculty, academic profs, and students. ETHNOGRAPHY refers broadly to both the qualitative methodologies employed by anthropologists (and a diverse array of other human and social scientists) for the purpose of describing and analyzing social realities--such as those of the university. Among the topics to be included in the seminar are: 1) Trends in research on the university; 2) Trends and techniques in ethnographic research on the university; 3) Stake holders in the collection and dissemination of information on the University beyond the faculty; 4) Student ethnographic research; pedagogical challenges and opportunities; and 5) Web-based collective databases.
The seminar is open to graduate students, but consent of the instructors is required. Interested students should submit one-page application providing name, email address, year in school, major field of study, and a paragraph or two explaining why they want to take the seminar and what they hope to contribute to it and gain from it. For full consideration, applications should be turned in by 12 noon, Wednesday, April 24, 2002, at the Center for Advanced Study, 912 W. Illinois Street, MC-064.

CHEM 101 GENERAL CHEMISTRY.
PREREQUISITE: CREDIT IN OR EXEMPTION FROM MATH 112; ONE YEAR OF HIGH SCHOOL CHEMISTRY OR EQUIVALENT. PLACEMENT INTO 101 BY THE CHEMISTRY PLACEMENT TEST RECOMMENDED.
*STUDENTS MAY NOT RECEIVE CREDIT FOR BOTH CHEM 101 AND 107.
*GEN ED: PS WITH CHEM 105
3 HOURS.

ALL STUDENTS ENROLLED IN CHEM 101 SHOULD ALSO ENROLL IN CHEM 105.

TWO INSTRUCTIONAL FORMATS ARE OFFERED. THE P, X AND Z SECTIONS INVOLVE A LECTURE AND QUIZ. THE D SECTIONS INVOLVE A LECTURE AND DISCUSSION.

CHEM 101P (SECTIONS 12P-92P) IS FOR ENGINEERING STUDENTS WHO QUALIFY BY THE CHEM PLACEMENT EXAM.

SECTIONS 61Z AND 62Z ARE MERIT WORKSHOPS. ENROLLMENT IS BY INVITATION ONLY. CALL 244-8279 FOR INFORMATION. CONCURRENT ENROLLMENT FOR 1 HOUR CREDIT IN THE MERIT SECTION OF CHEM 199 IS REQUIRED (SEE CHEM 199).

CHEM 106 GENERAL CHEMISTRY LABORATORY (BIOLOGICAL OR PHYSICAL VERSION).

PREREQUISITE: CHEM 101 AND 105.
*GEN ED: PS WITH CHEM 102
1 HOUR.
CHEM 106 IS THE LABORATORY COURSE THAT ACCOMPANIES CHEM 102. CREDIT OR REGISTRATION IN CHEM 102 IS REQUIRED. STUDENTS WHO COMPLETED CHEM 102 BEFORE SPRING 1998 (4 HOURS CREDIT) MAY NOT RECEIVE CREDIT FOR CHEM 106. STUDENTS MAY NOT RECEIVE CREDIT FOR BOTH CHEM 106 AND 110.

*BIOLOGICAL VERSION: SECTIONS 11L-92L EMPHASIZE EXPERIMENTS FOR STUDENTS IN THE LIFE SCIENCES AND RELATED AREAS AND SOME ENGINEERING CURRICULA (CONSULT ADVISORS). STUDENTS ENROLLED IN CHEM 102B (SECTIONS 41B-62B) SHOULD ENROLL IN SECTIONS 11L-92L.

*PHYSICAL VERSION: SECTIONS 15E-84E EMPHASIZE EXPERIMENTS FOR MOST ENGINEERING STUDENTS. STUDENTS ENROLLED IN CHEM 102T (SECTIONS 23T-27T) SHOULD ENROLL IN SECTIONS 15E-84E.

LECT A: COMPUTATIONAL CHEMICAL BIOLOGY
PREREQUISITE: Chemistry 344 or 441. This course is designed for students with some background in statistical thermodynamics. Since Since developing and modifying algorithms is required for some of the projects, proficiency in Mat Lab, Fortran, C++ or other programming languages would be useful; Computer Science 101 or consent of the instructor.
3 hours or 0.75 units.
This course emphasizes the computational aspects of modern research problems in the area of chemical biology, and its exercises make use of the theoretical concepts that have been developed in Chemistry 344, 441 and Physics 361 and 450. The level is appropriate for juniors, seniors and first year graduate students and is aimed at providing students with hands-on experience in the theoretical and computational treatment of the structure and function of biological macromolecules. Topics included are statistical mechanics of protein and DNA conformations, mechanisms of selected enzymes, energy landscape and potential energy functions of proteins, monte carlo methods for lattice simulations of protein folding kinetics, molecular dynamics simulations of proteins and DNA, determination of thermodynamic properties using multiple histogram techniques, protein structure prediction using ab initio folding and sequence-structure alignment approaches, molecular modeling and drug design, structural genomics and the evolution of protein function.

SECTION B: DISC/LAB TEACHING CHEMISTRY AT THE SECONDARY LEVEL.
Prerequisite: Undergraduate background in general chemistry and credit or concurrent enrollment in C&I 303S, or consent of the instructor.
Appropriate for Juniors, Seniors and Graduate Students. This course is intended for undergraduates working toward becoming certified to teach high school chemistry and graduate students working toward a Master's degree in the Teaching of Chemistry. Course aims to provide future teachers with hands-on experience in conducting laboratory experiments, demonstrations and teaching strategies

CHEM 391 CONTINUED
appropriate for the high school level. In addition, future teachers will consider pedagogical issues including recent literature dealing with students' conceptions in chemistry. Course does not count toward the eleven hours of 300-level chemistry required in the specialized curriculum nor does it apply to coursework required for for a Ph.D. in Chemistry.
3 hours or 0.75 unit.

C S 100 FRESHMAN ORIENTATION IN COMPUTER SCIENCE.
1 HOUR.
Students should attend CS 100 beginning on October 15, 2002. For engineering students, this is immediately after the end of ENG. 100. Students may take the 4:00 section of ENG 100 as well as C S 100, since C S 100 begins after ENG 100 ends.
C S 100 should be taken by all freshman Computer Science majors in the Engineering College, and by all freshman Mathematics-Computer Science and Statistics-Computer Science majors in the LAS College. It may be taken by other students who are interested in Computer Science careers. Students other than those in the Engineering College, and those in LAS Math-CS and Stat-CS, must be authorized in Room 2270 DCL to register for this course. Authorization MUST be requested IN PERSON. Authorization will be given on a space-available basis.

PREREQUISITE: MATH 120 OR 135.
*STUDENTS MAY NOT RECEIVE CREDIT FOR THIS COURSE AND ANY OF C S 102, 103, 105 OR THE C SECTION OF C S 110.
*GEN ED: QR1
3 HOURS.
This course includes instruction in programming in the C language, and various science and engineering-related computer applications. Students who take this version of C S 101 will not be required to take C S 110 for graduation credit in Engineering curricula.
Register for one LECTURE section and one LAB-DISC section.
It is recommended that students take this class no earlier than their second semester.
Graduate students may not schedule CS 101.
Approximately 5 hours per week of computer homework must be done in scheduled and unscheduled laboratory sessions.
Evening hour exams will be given on Wednesday, October 2, 2002 and Wednesday, November 6, 2002 at 7:00 p.m.
For honors credit in this course, see C S 196 section &1.

PREREQUISITE: C S 125 OR BOTH C S 110C AND JUNIOR STANDING; C S 173 OR MATH 213 OR CONSENT OF INSTRUCTOR.
4 HOURS.
The prerequisite of C S 125, as well as either C S 173 or Math 213, is strongly recommended for all students. C S 110C without C S 125 is not sufficient background for C S 225.
This course is intended primarily for Computer Science, Computer Engineering, and Electrical Engineering majors and Computer Science minors. Other students should consider C S 300.
Graduate students may not schedule C S 225.
Undergraduate students other than Computer Science, Computer Engineering, and Electrical Engineering majors may not schedule C S 225 until April 23, 2002.
Students who take C S 225 in Fall 1998 or later may not also receive credit in C S 223 or C S 110 C or CP.
Computer programming assignments will be written in C++, which will be taught in this course.
Register for the LECTURE section and one LAB-DISC section.

The goal of this 2 semester project is to introduce students to the motivation and requirements for building intelligent and mobile information spaces and to engage them in learning how to design information appliances.
The project will 1) teach students how to design and build such spaces; and 2) encourage the use of these spaces in the existing computer science curriculum. Each student will be issued with an HP Jornada 680 and will have access to an HP Kayak workstation and Chai software development environment.
NOTE - STUDENTS ARE REQUIRED TO REGISTER FOR THIS COURSE IN AT LEAST TWO CONSECUTIVE SEMESTERS (summers may be excluded) TO RECEIVE ANY CREDIT FOR IT.

SECTION CC TOPIC: Communication & Conflict Practical Skills. 2 hrs. This is a GARNER LEADS priority class. For more information, please contact Wendy Smith at 333-3680.
Meets in classroom 8, Gregory Tunnel.
In order to be an effective leader you must learn to successfully handle conflict. Communication style is one of the key factors in successfully dealing with conflict. This class will help you assess your approach to conflict and explore the role that communication plays in conflict. The class focuses on personal, interpersonal, & group developmental levels. You will participate in activities, complete assignments and read articles and texts about conflict and communication.

EDUCATIONAL PRACTICE

DEPARTMENT OFFICE 130 EDUCATION BUILDING
DEPARTMENT PHONE (217) 333-2804

ADMISSION TO EDUCATIONAL PRACTICE (STUDENT TEACHING) IS LIMITED TO THOSE STUDENTS WHO ARE IN GOOD STANDING IN A TEACHER EDUCATION CURRICULUM APPROVED BY THE COUNCIL ON TEACHER EDUCATION.

ELIGIBILITY REQUIREMENTS FOR STUDENT TEACHING AND FOR RECEIVING A UNIVERSITY OF ILLINOIS RECOMMENDATION FOR CERTIFICATION ARE DESCRIBED IN THE COUNCIL ON TEACHER EDUCATION SECTION OF THE PROGRAMS OF STUDY CATALOG. CANDIDATES FOR UNIVERSITY OF ILLINOIS TEACHER EDUCATION DEGREES MUST COMPLETE EDUCATIONAL PRACTICE AS PART OF THE PROFESSIONAL SEMESTER WHICH IS GENERALLY TAKEN IN THE FALL OR SPRING SEMESTER OF THE CANDIDATE'S SENIOR YEAR. FEW PROGRAMS OFFER STUDENT TEACHING DURING SUMMER SEMESTER. FOR THOSE THAT DO, APPLICATION SHOULD BE MADE DURING THE MONTH OF APRIL. APPLICATION FORMS MAY BE OBTAINED FROM DEPARTMENTAL OFFICES. ELIGIBILITY INCLUDES HAVING A 2.5 CUMULATIVE AND UNIVERSITY GPA AND COMPLETION OF 100 CLOCK HOURS OF EARLY FIELD EXPERIENCES.

APPROXIMATELY ONE YEAR PRIOR TO THE SCHOOL YEAR IN WHICH THEY EXPECT TO ENROLL IN STUDENT TEACHING, STUDENTS MUST ATTEND AN INFORMATIONAL MEETING WHERE THEY WILL RECEIVE AN APPLICATION TO APPLY FOR A TENTATIVE STUDENT TEACHING ASSIGNMENT IN THE ILLINOIS PUBLIC SCHOOLS. THESE APPLICATIONS MUST BE COMPLETED AND PROCESSED PROMPTLY THROUGH THE APPROPRIATE DEPARTMENT. ALL STUDENT TEACHING APPLICATIONS MUST BE RECEIVED NO LATER THAN THE SECOND FRIDAY IN DECEMBER DURING THE YEAR PRIOR TO THE SCHOOL YEAR IN WHICH A STUDENT EXPECTS TO STUDENT TEACH. STUDENTS WHOSE APPLICATIONS ARE APPROVED WILL ENROLL FOR THE FOLLOWING SCHOOL YEAR. STUDENTS MAY NOT STUDENT TEACH IN THE HIGH SCHOOL FROM WHICH THEY GRADUATED.

EDUCATIONAL PRACTICE IS UNDER THE GENERAL SUPERVISION OF THE COUNCIL ON TEACHER EDUCATION.

PHYCS 199POM
THE PHYSICS OF MUSIC.
This course will cover the following topics and will have accompanying lab demonstations and experimental setups for hands-on direct learning experiences for the students: the physics of sound (propagation of sound waves), the physics of hearing (psycho-acoustics), the physics of music (all musical styles, and music in the natural world -- living organisms and physical processes), the physics of musical instruments (brass, wind, strings percussion, song, electronic, computer and beyond).
A first year Discovery Program course: enrollment restricted to freshmen. Students should enroll in only one Discovery course. Students who enroll in more than one Discovery course may be dropped from the additional Discovery courses. For a listing of all these courses, with descriptions, see the Discovery Booklet.
THE FIRST MEETING OF PHYCS 199POM WILL BE ON SEPTEMBER 4.

PHYCS 199BCS
BEHAVIOR OF COMPLEX SYSTEMS: CHAOS, FRACTALS, AND ARTIFICIAL LIFE.
The behavior of complicated systems with many parts will be explored with hands-on computer simulations and lab experiments. Students will experiment with lightning, turbulence, explosions, and human rhythms and use simple computer models to imitate their irregular and symmetric patterns and dynamics and will develop an intuition as to why isolated complex systems prefer harmony and symmetry whereas competing complex systems prefer chaos. Applications in business, engineering, and social sciences will be discussed.
A first year Discovery Program course: enrollment restricted to freshmen. Students should enroll in only one Discovery course. Students who enroll in more than one Discovery course may be dropped from the additional Discovery courses. For a listing of all these courses, with descriptions, see the Discovery Booklet.

This course is the honors supplement to PHYCS 111 and is intended for those students intending to major in physics or who have a strong interest in the subject. Areas to be addressed include rotational and central force motion, non-inertial frames, non-linear systems and post-Newtonian mechanics. The use of simple visualization tools such as Mathematica and Excel will be encouraged.
TO REGISTER FOR PHYCS 199&HM, GO TO THE GENERAL PHYSICS COURSE OFFICE, 231 LOOMIS, [AFTER YOUR REGISTRATION TIME].

PHYCS 199AHO
HONORS SEMINAR: TOPICS IN ELECTRICITY AND MAGNETISM.
PREREQUISITES: PHYCS 111, CONCURRENT REGISTRATION IN PHYCS 112, AND CONSENT OF INSTRUCTOR.
*PHYCS 199AHO CAN BE USED TO SATISFY THE HONORS COMPONENT OF PHYCS 112.
Students investigate special topics in electricity and magnetism. Through weekly meetings (similar in format to the discussion sections of Physics 111 and 112), students will derive for themselves some of the surprising features of our post-classical physical world. For example, the need for special relativity, the existence of magnetic fields, and the origin of electromagnetic radiation are consequences of simple observations such as the constancy of the speed of light. Other topics will include the nature of Gauss' law and Maxwell's equations, potentials and superposition, amplifiers, analog computers, and the role of quantum mechanics in electrodynamics.
PHYCS 199AHO is intended for students who have been comfortable with the level of difficulty of PHYCS 111, and whose math skills are fairly strong. It allows students to confront in greater depth some of the most interesting intellectual issues in classical electrodynamics. The course will use calculus as a problem-solving tool.
TO REGISTER FOR PHYCS 199AHO, GO TO THE GENERAL PHYSICS COURSE OFFICE, 231 LOOMIS, (AFTER YOUR REGISTRATION TIME).
THE FIRST MEETING OF PHYCS 199AHO IS WEDNESDAY (SCHEDULED AS A MONDAY) AUGUST 28.

*PHYCS 199AHT CAN BE USED TO SATISFY THE HONORS COMPONENT OF PHYCS 113 AND PHYCS 114.
PHYCS 199AHT is the honors supplement to PHYCS 113/114 and is intended for those students either planning to major/minor in physics or having a strong interest in the subject. Areas to be covered during PHYCS 113 include diffusion and heat conduction, the Maxwell-Boltzmann distribution and the ideal gas, the Planck distribution and radiation, free energy and the chemical potential, and quantum gases. Areas to be covered during PHYCS 114 include particle scattering, photon quantum states, simple approximation methods (e.g., variational methods), particle exchange, and quantum statistics.

INTRODUCTION TO BIOLOGICAL PHYSICS.
We will apply simple yet powerful ideas of physics to gain some understanding of biology. (What is the inertia of a bacteria and how does this affect its behavior?) We will begin with atoms, move to molecules, then macromolecules, then cells, and finally whole systems. For example, how do we see? The answer: photons cause the release of chemicals-that create electricity. How do we move? The answer: tiny biomolecular motors break chemical bonds, using the energy to create force and motion with efficiencies that put man-made machines to shame. These motors, and indeed, much of biology at the molecular level, operate at the nanometer (one-billionth of a meter) and picoNewton (1 trillionth of a pound) scales. How can we measure such tiny things? Come find out!
Prerequisite: PHYCS 111-112-113 sequence or consent of instructor. No prior biology knowledge or prerequisites, since the course includes a molecular biology primer.

PHYSICS OF ELECTRONIC MUSICAL INSTRUMENTS.
This course will investigate the physics of electronic musical instruments (electric guitars, basses, mandolins, etc.) and amplifiers. Topics covered will include: the physics of how acoustic and electric guitars work, their acoustic properties, the electromagnetic properties of electric guitar pickups, the physics of how vacuum tube and solid state amplifiers work, properties of electronic components (resistors, capacitors, inductors, transformers), amplifier design, electromagnetic and acoustical properties of loudspeakers and loudspeaker enclosures, acoustical and electronic effects. The history of the development of electronic musical instruments, from the perspective of basic science R&D and technological advancements, will also be discussed.

GRADUATE PHYSICS ORIENTATION: RESEARCH AND TEACHING IN THE PHYSICS DEPARTMENT.
This course is required for all new physics graduate students. It includes advice on choosing a field of research and finding a research advisor. Current graduate students will relate their experiences and advice; faculty will present overviews on the major areas of research in the Department. Physics staff will explain our computing facilities, the physics and astronomy library, and other facilities. There will be general discussions on research and instructional topics as well as ethics in teaching and research.

MATHEMATICAL METHODS IN PHYSICS.
Replaces PHYCS 411/412.
Focuses on core techniques widely used in the physical sciences. Emphasis is on applications, and a broad range of illustrative examples will be explored. Primary topics include: calculus of variations and its applications; partial differential equations of mathematical physics (including classification and boundary conditions); separation of variables, series solutions of ordinary differential equations and Sturm-Liouville eigenproblems; Legendre polynomials, spherical harmonics, Bessel functions and their applications; normal mode eigenproblems (including the wave and diffusion equations); inhomogeneous ordinary differential equations (including variation of parameters and Green functions); inhomogeneous partial differential equations and Green functions; potential theory; and integral equations (including Fredholm theory). Will continue in SP03 PHYCS 498MMB with complex variables, group theory, and other topics.

ASTROPHYSICS.
Replaces PHYCS 402.
Satisfies the physics graduate program "cafeteria" requirement.
This course will survey astrophysical phenomena and processes relevant to the evolution of the Universe and structures in it, from the formation of stars and galaxies at the earliest times to the final end states of matter as compact objects. The emphasis will be on developing an understanding based on the underlying physics. Exciting recent developments will be described. Specific topics will include big bang cosmology and the cosmic microwave background radiation; formation, interaction, and evolution of galaxies; formation, structure, and evolution of stars; dynamics of stellar systems; white dwarfs, supernovae, neutron stars, and black holes; physics of accretion disks; the fate of the universe. Topics of special current interest will include cosmological inflation, dark matter in the universe, powerful gamma-ray bursts, feeding of quasars, generation of radio and X-ray emission by supermassive black holes, gravitational lensing, sources of gravitational radiation, and the solar neutrino problem. Course work will consist of weekly homework problems, a mid-term exam, and a final exam. The course will be based on lecture notes and readings, and will be taught at the level of the Astrophysics I and II texts by Bowers and Deeming.

PHYCS 498CP
TOPICS IN COMPUTATIONAL PHYSICS AND ASTRONOMY.
A numerical laboratory course designed to familiarize students with the use of a computer to solve diverse problems in physics. Problems will be drawn from several different branches of physics and astrophysics. Hydrodynamics, including the physics of shock waves, will be emphasized as the main paradigm for nonlinear phenomena. For the hydrodynamics, the necessary analytic results will be derived in class. Examples drawn from classical mechanics, electromagnetism, quantum mechanics, etc. will already be familiar to students from standard physics courses. Numerical methods discussed will include solving ordinary and partial differential equations, linear algebra and eigenvalue problems, Monte Carlo techniques, FFTs, etc. Students will work on assigned numerical exercises and simulations both individually and in small teams. The results of these simulations will be presented in class periodically and will constitute an integral part of the class development. The emphasis throughout the semester will be on building confidence and expertise at solving physical problems on the computer.
Prerequisites: No formal requirements other than a working knowledge of some scientific programming language like Fortran, C, or C++. Graduate students and upper level undergraduates with solid backgrounds in basic physics are welcome. This course should only be taken by students who plan to participate actively.

4:00 PM or later 4:00 PM or later	Monday Tuesday	7:00-10:00 PM, Tue, Dec 17 7:00-10:00 PM, Thu, Dec 19

The final examination for a course is scheduled according to the full or half hour on Monday or Tuesday on which the class first meets regularly during the semester. For example, if a course meets regularly at 10:00 AM on MWF, the examination must be given from 8:00 to 11:00 AM on Friday, December 20. The final examination for a course meeting regularly on TuTh from 2:30 to 4:00 PM must be given from 7:00 to 10:00 PM on Saturday, December 21.

In a course having a combination of lecture and discussion and/or laboratory periods, the first *lecture* hour of the week is considered the first contact of the week for purposes of determining examination time. Call 244-0228 with questions about this.

For a course not provided for in the examination schedule (i.e., one that meets for the first time on Wednesday or later), an arranged examination is to be given within the established examinations schedule at the discretion of the instructor and at a time to avoid conflicts. A conflict examination must be given if necessary. The instructor must call the departmental office to schedule the room for the examination.

Any College of Education course at the 300- or 400-level that meets once a week must have a final examination on the same day and at the same time that the class regularly meets. The Office of Facility Management and Scheduling will make room assignments for such courses.

Fall Semester 2002 Noncombined Final Examination Schedule

December 16 Through December 21, 2002[1]

This schedule does not apply to courses in the Colleges of Law and Veterinary Medicine, which publish separate schedules.

Illinois law requires the University to reasonably accommodate its students' religious beliefs, observances, and practices in regard to admissions, class attendance, and the scheduling of examinations and work requirements. All regulations governing final examinations will be applied in the context that an individual student's religious beliefs, observances, and practices will be reasonably accommodated if the student informs his or her instructor of the conflict within one week after being informed of the final examination schedule. Any student may appeal in writing an instructor's adverse decision to a request based on religious beliefs, observances, and practices; such appeal must be made to the dean of the student's college or to the director or dean of the student's school or institute (if such school or institute is organized as a separate unit). Before taking action, the dean or director should request that the instructor explain his or her denial in writing.

Requirement

A final examination must be given during the scheduled final examination period for each course except in a course that has a character that renders a final examination unnecessary or impracticable. The head or chairperson of the academic department in which the course is offered determines when a final examination is not required.

Time of Examination

An instructor must give a final examination at the time specified in the published schedule unless a change is approved in advance through the Office of the Vice-Chancellor for Academic Affairs. A request for change must be submitted through the executive officer of the department or school (if applicable) in which the course is offered and the dean of the appropriate college. **Requests for examination changes should be made only in cases of legitimate need and not just for the convenience of students and instructors.**

A request for change in the examination schedule will not be considered for approval unless the instructor

HAS POLLED the class to determine that an alternative date is desired by a majority of the class members, and

ALSO OFFERS the examination at the regularly scheduled time if some choose not to take it at the alternate time, and,

HAS CONTACTED the Office of Facility Management and Scheduling (244-0228) and has assurance that space is available in which to give the examination at an alternate time, if approved. The Office Facility Management and Scheduling will not confirm space availability for early examinations until the twelfth week of the semester.

No semester final examination should be given during a "regular" class period unless this is deemed necessary by virtue of the course or the examination (e.g., a laboratory "practical" examination as one part of a final examination).

NOTE:

Undergraduate Students: Except as provided for a request based on religious beliefs, observances, and practices, only the dean of a student's college may approve temporary postponement of the final examination in an individual case of an undergraduate student.

Graduate Students: A student's instructor is authorized to approve a request for postponement of the final examination in an individual case of a graduate student.

The 6-year graduation rate for students who entered school in the Fall of 1994 is 76.4%. This number is provided by the Office for Academic Policy Analysis. A complete student right-to-know report may be obtained from the Office of Public Affairs, 601 E. John, Champaign, IL 61820.

[1]Ao examinatioo for a first half-term course should be scheduled at the end of the first half-term period; second half-term final examinatioos follow the schedule shown on page 32. If a first half-term examination is not scheduled in the regular classroom at the time the class usually meets, a special examination room must be reserved through the Office of Facility Management and Scheduling, 333-1230.

Place of Examination

An examination will be held in the room where the course meets for the first lecture contact hour of the week, except in the case of a combined-sections examination, an examination for a course in which the instructor has requested additional space for the final examination, or a specifically scheduled examination. Instructors are to announce any special or changed room assignments.

Take-Home Examination

If a take-home final examination is assigned, it is to be submitted by the student at the time and date of the regularly scheduled final examination. An instructor who wishes to depart from this practice, must follow the procedure for changing the final examination schedule as stated elsewhere in this section.

Length of Examination

The maximum limit for an undergraduate final examination shall be three hours, except by special arrangement in individual cases approved by the dean of the appropriate college. At the discretion of the department, a shorter examination may be given.

Conflicts

Normally in a semester several combined-section, conflict, and noncombined examinations are given at the same time. As a guide to resolving conflicts, an order of priority has been established within each examination period, and a student should resolve a conflict using the published examination schedules and the following priority guidelines.

1) National and state professional examinations (e.g., CPA, actuarial science, Architect Registration Examination) take priority over campus final examinations. An instructor must offer a conflict examination to a student scheduled to take national or state professional examination and a campus final examination at the same time.

2) A noncombined examination has precedence over combined-sections and conflict examinations.

3) Combined-sections examinations have precedence over conflict examinations.

A department offering a combined-sections final examination must provide a conflict examination if required to accomodate student conflicts.

A detailed combined-sections and conflict final examination schedule will be made available to departments on the Web.

Students Having More than Two Consecutive Final Examinations

No student is required to take more than two consecutive semester final examinations. This means that if you take final examinations at 8:00 AM and 1:30 PM on the same day, you cannot be required to take another final examination that same day; however, you are required to take an examination scheduled for 8:00 AM the following day.

Similarly, if you have a final examination at 7:00 PM one day and another at 8:00 AM the next day, you cannot be required to take an examination at 1:30 PM that second day; you can, however, be required to take an examination at 7:00 PM of that second day.

If you have more than two consecutive final examinations scheduled, you are entitled to rescheduling, provided you take the following actions *no later than the last official day of instruction in the semester (December 13):*

YOU MUST investigate whether a conflict examination is being held at another time for any of the examinations involved. (Instructional staff members are urged to announce any conflict final examinations by the last day of classes.)

IF A CONFLICT examination has been scheduled for any of the courses, you must take one or more of these conflict examinations. If conflict examinations are offered for more than one course, the student must take the conflict for the course that has the largest number of students.

IF NO CONFLICT examinations have been scheduled, you should contact the instructor of the course having the largest number of students. That instructor **must** provide a makeup examination. Remember, you must initiate contact with the instructor involved no later than the last day of instruction.

Discipline for Violations of Academic Integrity

Procedures to be followed in cases of alleged cheating on final examinations may be found in the *Code of Policies and Regulations Applying to All Students,* which is available on the Web (http://www. uiuc.edu/admin_manual/code).

who said there are no good **[bars]** on campus?

The best bars on campus don't serve drinks, they serve their country. You see, when you complete Army ROTC and graduate, you'll be an officer and get a set of gold bars. (The kind you wear on your shoulder.) In the process, you'll have learned how to think on your feet. Be part of a team. Even be a leader. And an Army ROTC scholarship might have helped pay your way. *Register for an Army ROTC class today.* Because there's no better buzz than the sense of accomplishment.

LEADERSHIP EXCELLENCE

ARMY ROTC Unlike any other college course you can take.

Introduction to the Timetable

The *Timetable* is the listing of course offerings for the term, and includes instructions on when, where, and how to register and drop and add classes; tuition and fees and billing information; academic calendar information; how to get a replacement ID card; etc. Therefore, please keep it for future reference. Updated information on course offerings is also available by checking *Timetable* course section information on the World Wide Web at **www.uiuc.edu/timetable** and from college and departmental advisers.

While every effort is made to provide accurate and up-to-date information, the University reserves the right to change without notice statements in the *Timetable* concerning rules, policies, procedures, tuition, fees, curricula, courses, or other matters. All course registrations are accepted subject to enrollment conditions set by the offering departments. In addition, colleges and departments reserve the right to:

IMPOSE ENROLLMENT requirements and prerequisites,

REASSIGN STUDENTS to other sections in a course,

WITHDRAW STUDENTS from certain courses or sections after enrollment,

CANCEL COURSE offerings or sections for legitimate educational reasons.

Students considering enrollment in military science, naval science, or air force aerospace studies courses should be aware that University policy prohibits discrimination on the basis of sexual orientation; students may enroll in these courses regardless of sexual orientation. As of the date of printing of this publication, students seeking to enroll in ROTC are not asked to disclose their sexual orientation. However, homosexual conduct is grounds for disenrollment from the program.

How to Use the World Wide Web *Timetable*

The *Timetable* is also on the campus network (UIUCnet), via a service called the "World-Wide Web" (WWW).

The WWW version allows convenient browsing of the *Timetable* with the following advantages:

TIMELINESS: including a real-time enrollment status for each section.

CROSS-REFERENCED INFORMATION: Every course is linked to more complete course descriptions found in the online Course catalog.

HELPFUL INFORMATION: Supplemental information is available, e.g., links to a campus map showing class locations.

YOU CAN SEARCH it via an easy-to-use index.

The WWW *Timetable* can be viewed on the network by using a browser program on a PC, Mac, or Unix system. Some common browsers are NCSA Mosaic, Netscape, or Internet Explorer. If you are familiar with using a WWW browser (i.e., if this computer jargon hasn't bewildered you), you may view the *Timetable* using the following URL (the "address" of the *Timetable* on the WWW):

www.uiuc.edu/timetable

A document explaining in greater detail how to view the WWW *Timetable* may be obtained at most CITES locations, including computer sites across campus and the CITES Help Desk (1420 DCL, 244-7000). Ask for "Using the WWW *Timetable* on the Campus Network." Consultants at the CITES Help Desk can also help you learn about WWW browsers.

The WWW browsers are available on all CITES computers, so you may view the WWW *Timetable* at any CITES lab.

Produced for the Office of Admissions and Records and the Office of Facility Management and Scheduling by the Office of Publications and Marketing. The University of Illinois is an equal opportunity, affirmative action institution. Printed on recycled paper with soy ink. 02.106.

Notice to Commencement Participants

Graduates participating in a campuswide Commencement ceremony (as well as most unit Convocation ceremonies) are required to wear appropriate academic attire. Candidates from all colleges may be measured for caps and gowns in Room 210 (General Lounge) of the Illini Union at any one of the following times:

Wednesday, April 2	10:00 AM – 3:00 PM
Tuesday, April 15	10:00 AM - 3:00 PM
Monday, April 28	10:00 AM - 3:00 PM

Additional opportunities to order regalia will be available via the Web. You are strongly advised to order a cap and gown if there is even a slight possibility of participating in a graduation ceremony. Rental fees are assessed only if the attire is picked up during the cap and gown distribution period. **You must order your cap and gown by April 28.** Campuswide Commencement guest tickets for all but doctoral candidates will be issued at the time of cap and gown measurement or may be picked up at the Illini Union Campus Information Desk or the Assembly Hall Ticket office. Doctoral candidates will receive their tickets from the Graduate College. Tickets are not required for participants.

General Information

Addresses and Phone Numbers are Important

Have you moved recently or since you were last enrolled? Be sure to keep the Office of Admissions and Records informed of your current address and telephone number. That way you will not miss receiving important registration, college, and related information.

Each student is responsible for keeping the following addresses current on **U OF I DIRECT**:

LOCAL ADDRESS (for mail sent during the term; this address is automatically updated for students living in University residence halls)

PERMANENT ADDRESS (for mail sent between terms)

EMERGENCY ADDRESS

You may also update your telephone information on **U OF I DIRECT**.The University phone operators' listings, the Student/Staff Directory, and your entry to the online phone book will include the phone number listed in **U OF I DIRECT**.

Student Records Policy

It is University policy to comply fully with the Family Educational Rights and Privacy Act of 1974 as amended. The University will not disclose information that it maintains as part of its normal course of business without the consent of the student. For complete information concerning record release and student access rights, refer to Rules 60 through 68 in the August 2002 *Code of Policies and Regulations Applying to All Students*. (The *Code* is available on the Web at **www.uiuc.edu/admin_manual/code**.)

The University has designated certain categories of information as directory information. Students' consent to release this information is implied. A currently enrolled student may instruct the University to withhold one or both categories of directory information by submitting a request form to the Office of Admissions and Records prior to the end of the fifth day of instruction for a term. Regardless of a student's enrollment status, a request to withhold directory information remains in force until the student submits a subsequent request removing the restriction. Forms may be obtained and filed at the Records Service Center, 901 W. Illinois Street.

Personal Information

- The student's name
- Addresses
- Telephone numbers
- Date of birth
- Weight and height, if an athletic team member

Academic Information

- The student's name
- College
- Curriculum and major field of study
- Class level
- Dates of attendance
- Full- or part-time status
- Institutions previously attended
- Degrees, honors, and certificates received or anticipated
- Eligibility for membership in registered University honoraries
- Participation in officially recognized activities and sports

If a student has elected to withhold either personal or academic information, the University will respond to inquiries as follows: **"The student has instructed us not to reveal this information."**

If a student has elected to withhold both categories of directory information, the University will respond to inquiries as follow: **"There is no information available for any student by that name."**

Identification Cards

Each student is issued a permanent photo identification card which must be retained by the student while registered at the University. The ID card remains the property of the University, and any student who alters or intentionally mutilates a University ID card, who uses the ID of another, or who allows his or her ID card to be used by another may be subject to discipline. A charge of $20 (amount subject to change) is assessed for replacing each lost, mutilated, confiscated, or stolen photo ID card.

You are required to present your ID card for identification purposes at the request of an agent of the University when the agent is acting in the performance of his or her supervisory or security function (e.g., examination proctor, police officer, residence hall director or adviser, recreational facility supervisor, ticket taker, or usher). You may be subject to discipline if you refuse to provide your University ID card when requested by an agent of the University.

When performing his or her duties, an agent of the University may confiscate your ID card if an individual other than yourself attempts to use the card to represent him/herself as a duly registered student, if the ID card you present is not valid at the time you attempt to represent yourself as a duly registered student, or if the ID card has been reported as lost, stolen, or replaced.

If you cannot find your ID card, go to the Campus ID Center immediately and complete a Lost/Stolen Property Report.

Questions regarding the issuance of ID cards may be directed to the Campus ID Center, Room 204 Illini Union Bookstore, 809 South Wright Street, or call 244-0135.

Nondiscrimination Statement

The commitment of the University at the most fundamental principles of academic freedom, equality of opportunity, and human dignity requires that decisions involving students and employees be based on individual merit and be free from invidious discrimination in all its forms.

It is the policy of the University of Illinois not to engage in discrimination

or harassment against any person because of race, color, religion, sex, national origin, ancestry, age, marital status, disability, sexual orientation, unfavorable discharge from the military, or status as a disabled veteran or a veteran of the Vietnam era and to comply with all federal and state nondiscrimination, equal opportunity, and affirmative action laws, orders, and regulations. This nondiscrimination policy applies to admissions, employment, and access to and treatment in the University programs and activities. Complaints of invidious discrimination prohibited by University policy are to be resolved within existing University procedures.

For additional information on the equal opportunity, affirmative action, and harassment policies of the University, or information on Title IX, ADA, or 504, please contact: for the Urbana-Champaign campus: Associate Chancellor William Trent, Third Floor East, Swanlund Administration Building, MC-304, 601 East John Street, Champaign, IL 61820, 333-4238; or Director Larine Cowan, First Floor West, Swanlund Administration Building (MC-304), 601 East John Street, Champaign, Illinois 61820; 333-0885.

Students with Disabilities

Students with disabilities who have not registered for services with the Division of Rehabilitation Education Services, 1207 S. Oak Street, and who wish to request accommodations for any or all of the classes in which they are registering should contact the coordinator for Student Services with the Division at 333-4602 (voice) or 333-1970 (TTD).

Compliance with State Immunization Law

Each admitted applicant entering the University after July 1, 1989, is subject to the requirements of Illinois Public Act 85-1315, which requires students to provide evidence of immunity to certain vaccine-preventable diseases. All students subject to the provisions of this law have received a copy of the McKinley Health Center Student Health Report Form with their Notice of Admission. Students who fail to return the form by the date shown are encumbered for the next term. Students who fail to comply with state law before the start of the next term are prohibited *by law* from enrolling in that or any subsequent term.

Health and Safety

Important information about alcohol and other drugs and about campus safety is available at **www.uiuc.edu/safety/report/**.

In compliance with federal law, this information describes campus policies and resources to help you manage your health and safety.

Semester Hour Requirements

Undergraduate students are required to pursue a normal program of study, which varies by college and curriculum. More or less than a normal program may be permitted only by authority of the dean of the college or his/her designated representative.

For undergraduate, graduate, and professional students, the minimum program required in a semester for receipt of maximum educational benefit payments under the Veterans Readjustment Benefits Act of 1966 and receipt of social security benefits as a dependent is 12 semester hours or 3 units.

Classification of Students

The Registrar's Office uses only the following definitions in the classification of enrollment:

Full-time Students:	**Undergraduates**	**Graduate**
Fall/Spring Semesters	12 or more hours	3 or more units
Half-time Students:		
Fall/Spring Semesters	6–11.5 hours	1.5–2.75 units
Class Level:		
Freshmen	0–29.9 hours	
Sophomores	30–59.9 hours	
Juniors	60–89.9 hours	
Seniors	90 hours and above	

Graduate students are certified as advancing one year of study if they were registered in two semesters. Graduate students on a consecutive summer-session-only pattern are advanced one year after completion of three eight-week summer sessions. A graduate student may not be certified as having advanced one year more than once within a twelve-month period.

Intercampus Enrollment Program

The Intercampus Enrollment program is intended to allow students at one campus of the University the opportunity to take advantage of opportunities unique to another campus of the University without having to transfer. It is not designed to replace concurrent enrollment or transfer. The program also provides for summer enrollment at another University campus should financial aid be required. For complete information see the Web site at **www.uoapa.uillinois.edu/intercamp/intercampus.html**.

Transcripts of Courses and Grades

A student in debt to the University is not entitled to receive a diploma or an official statement or transcript of credits until the indebtedness has been paid or suitable arrangements for payment have been made, unless the student has pending a bankruptcy petition seeking a discharge of all such indebtedness, or such indebtedness has been discharged.

A student who graduates or withdraws from the University and has an outstanding loan from the University of Illinois will not be issued a transcript until he/she has completed an exit interview with the Office of Student Accounts and Cashiers, 162 Henry Administration Building.

The charge for an official transcript is $5 per copy (amount subject to change). The charge for a written certification of enrollment or other data is $4 per copy. The charge for additional copies *ordered at the same time and sent to the same address or picked up* is $2 per copy.

Transcripts may not be ordered by telephone. They must be ordered using the World Wide Web at **www.oar.uiuc.edu/records/transcript.html**, or by mail addressed to the Transcript Department, University of Illinois at Urbana-Champaign, 901 W. Illinois Street, Urbana, IL 61801. A check or money order made payable to University of Illinois must accompany the order. Payment may also be made using Visa, MasterCard, or Discover Card.

Welcome To U OF I DIRECT Registration

When you use your Network ID and password to access **U OF I DIRECT** from personal computers at multiple locations on campus (or via dial-up with modem), you will be welcomed to **U OF I DIRECT** registration, followed by a request to verify your local address and the Main Menu of Options. You then select an option by pressing the appropriate key(s) on the keyboard.

A registration checklist and Schedule Planning Form, included in the *Timetable*, will help you develop your schedule before you log onto **U OF I DIRECT**.

You will be assigned a Registration Time based on the number of hours/units completed or in progress, according to campus policy.

Through **U OF I DIRECT** you can:

- REGISTER and add/drop classes
- UPDATE your address and telephone information
- PROVIDE information on appointment/graduation status
- OBTAIN a copy of your early registration schedule

Some classes are listed in the *Timetable* as "authorization only." Contact the department for approval before using the **U OF I DIRECT** system to register in one of these classes.

The **U OF I DIRECT** system will control for Registration Time; class size, academic program, maximum credit, advising hold (if applicable), and encumbrances. If an advising hold has been placed on your record, it must be removed before you can register. You should resolve all encumbrances as soon as possible. If you have an encumbrance on your record, access to **U OF I DIRECT** to register or to drop or add classes will be blocked approximately three weeks prior to the first day of instruction. **If you have an encumbrance on your record as of 5:00 PM the first day of instruction, your course registration for the term will be cancelled.** You can avoid having your course registration cancelled by resolving encumbrances.

Assistance using **U OF I DIRECT** will be available at the Records Service Center, 901 W. Illinois Street, from 8:30 AM until 5:00 PM, Monday through Friday. If you need information or assistance using **U OF I DIRECT**, contact: registration@oar.uiuc.edu or call 333-6565.

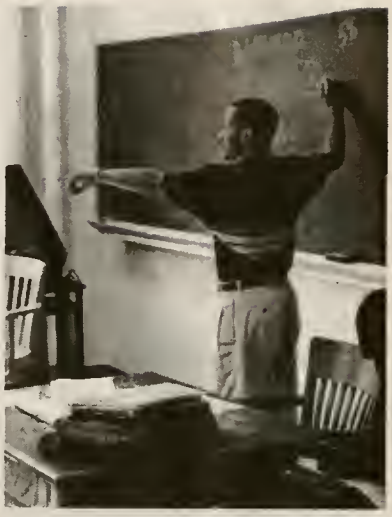
Student Responsibility

YOU ARE RESPONSIBLE for knowing and adhering to the policies, deadlines, and procedures in the *Timetable*. Careful reading of the various sections of this booklet will help you avoid enrollment problems.

U OF I DIRECT is the University system to register for courses by computer. When you do so, you agree to pay tuition and fees to the University according to the payment policies and schedules adopted by the Board of Trustees. If you wish to cancel your registration, and thus avoid payment of tuition and fees charges, you must do so by 5:00 PM of the first day of instruction.

Unauthorized use of University of Illinois computer systems, data, or resources; unauthorized use of another individual's identification, account, or password; or an attempt to gain unauthorized access is prohibited by University policy and may constitute a violation of Illinois state law. Access to U OF I DIRECT will be terminated if you are found to be making excessive unsuccessful registration attempts.

AS AN ENROLLED STUDENT, you are responsible for knowing and complying with the regulations of the University, your college, and the departments offering the courses you are taking, and for fulfilling the requirements for your particular degree. You may obtain the regulations of your college at the college office.



You are expected to conduct yourself at all times in accordance with accepted principles of responsible citizenship and with due regard for the rights of others.

You are advised to obtain a copy of the *Code of Policies and Regulations Applying to All Students*. That publication is available for inspection at college and departmental offices and libraries, at the Illini Union Information Desk, the Student Organizational Complex in the Illini Union, in the lobby of the Turner Student Services Building, and at the Records Service Center, 901 W. Illinois Street. The *Code* is also available on the Web (**www.uiuc.edu/admin_manual/code**).

NOTICE

The Family Educational Rights and Privacy Act affords students certain rights with regard to their educational records. See **www.oar.uiuc.edu/current/ferpa.html** (Notice of Rights with Respect to Educational Records) for the complete text of the Notification of Rights and page 6 of this document for additional information concerning educational records.

Registration Procedures

Registration Time - Invitation to Register

All eligible continuing and re-entry students are assigned a Registration Time, according to priorities established by campus policy. The Registration Time is the first time a student can access U OF I DIRECT registration for the term. You will be informed of your Registration Time in your Invitation to Register, available at **www.oar.uiuc.edu/current/grades.html**. Within each priority grouping, Registration Times are assigned in intervals first by the number of hours earned plus the number of hours (if any) in progress. Further assignment, as necessary, is done randomly by student ID number.

Eligibility to Register

In general, students currently enrolled in Illinois degree programs can register early for the 2003 spring semester. You may **not** register early if you are:

- A part-time nondegree student.
- A student who will graduate before the spring semester begins, unless you have been admitted to an Illinois graduate, professional, or second baccalaureate degree for spring semester 2003.
- A student newly admitted to a University degree program. Information about your initial registration procedures will be included in your Notice of Admission.

Advising Hold

Academic advising is recommended for all students and is required in most programs. You are encouraged to meet with your adviser to discuss your plan of study before using U OF I DIRECT to register.

An advising hold may be placed on your record if you are in a college/department in which advising is a mandatory prerequisite to registration. In such cases you must complete an advising session before your college/department will clear you to enroll using U OF I DIRECT. For additional information on the advising hold, please contact your college office.

Encumbrances

Academic and administrative offices may place encumbrances on your record for academic reasons, funds owed to the University, judicial reasons, and for failure to meet medical/immunization requirements. If you have an encumbrance(s) on your record, resolve it with the appropriate campus office as soon as possible. You will be informed of any encumbrance(s) on your Invitation to Register, on your Official Class Schedule and each time you access U OF I DIRECT. An encumbrance will not prohibit you from participating in early registration. You can continue to use the system to make course changes until approximately three weeks prior to the beginning of the term.

All encumbered students will be blocked from access to the U OF I DIRECT registration sequence approximately three weeks prior to the beginning of the term. Students will be alerted to the presence of any encumbrance(s) on the Official Class Schedule and directed to the appropriate office(s) to resolve them. **Failure to resolve the encumbrance(s) prior to 5:00 PM of the first day of instruction will result in cancellation of your course registration for the term.**

Enrollment Requirements and Prerequisites

Many courses carry prerequisites and other enrollment requirements such as "consent of instructor," "enrollment limited to majors," "seniors only," "honor students," etc. These requirements are listed with each course and many are computer controlled. You are expected to comply with these prerequisites and enrollment requirements. Failure to do so may result in your being removed from the course. Should you have questions regarding these requirements, please contact the teaching department.

"Authorization Only" Courses

Some courses require departmental authorization prior to registration. If you are interested in an "authorization only" course listed in the *Timetable* you should consult the teaching department prior to your Registration Time. If you meet the enrollment requirements for the course, the department will authorize you online to enroll in the course. You, in turn, must register for the course using U OF I DIRECT.

Maximum/Minimum Enrollment Levels

The maximum amount of credit in which a student can enroll without special overload approval from his/her college office is:

Fall and Spring Terms	
Undergraduates	18 hours
Graduate, Vet Med, Medicine	5 units (20 hours)
Law	16 hours
Summer Term 1	
Undergraduates	4 hours
Graduate, Vet Med, Medicine	1½ units (6 hours)
Law	6 hours
Summer Term 2	
Undergraduates	9 hours
Graduate, Vet Med, Medicine	3 units (12 hours)
Law	6 hours

Should you wish to enroll above the established maximum, consult your college office.

U OF I DIRECT will display a warning message if you are not enrolled in a full course load for the term. Enrollment below the minimum may jeopardize your financial aid status, progress towards a degree, or visa status if you are an international student. Full-time enrollment for undergraduate students is 12 or more hours, for graduate students, 3 or more units.

During the fall and spring semesters, full-time undergraduate and professional students will not be permitted to reduce their credit load below 12 hours after the first day of instruction. College approval is required to carry a load of fewer than 12 hours.

Credit-No Credit

The credit-no credit grading option is designed to encourage students to explore areas of academic interest that they might otherwise avoid for fear of poor grades. All students considering this option are cautioned that many graduate and professional schools consider applicants whose transcripts bear a significant number of nongrade symbols less favorably than applicants whose transcripts contain none or very few. Likewise, in computing a preadmission grade-point average, some schools may convert the NC symbol to a failing grade because they do not know whether the actual grade was a D or F.

Credit-no credit courses are not counted toward the grade-point average, but are included as part of the total credit hours and are assessed as credit hours.

Instructors are not informed of those students in their classes who are taking work under the credit-no credit option, and they report the usual letter grades at the end of the course. These grades are automatically converted to CR or NC. Grades of C- or better are required to earn credit.

The credit-no credit option is not available on U OF I DIRECT. Should you wish to elect this option, please consult your college office or graduate department.

Policy on Intercollege Transfer

An intercollege transfer applicant is one who is currently registered in an undergraduate college at UIUC and who wishes to be considered for admission to another undergraduate college at UIUC. Intercollege transfer applicants are considered on the basis of the intercollege admission requirements of the new college and availability of space in the chosen programs. This policy does not apply to students in the Graduate College, a professional college, or the College of Nursing.

The campus has designated two periods each term for intercollege transfer. They are:

TWO WEEKS PRIOR to the beginning of the Registration Period for each term. Curriculum changes will not be allowed after registration begins.

ONE WEEK PRIOR to the start of instruction for the term and through the first week of instruction.

If you intend to apply for intercollege transfer, you should do so within these designated time frames. Your access to certain courses is dependent upon your college of enrollment.

Student Health Insurance

The University's Board of Trustees requires that all students be covered by a health insurance plan, either the University's Student Health Insurance Plan or a plan determined by the University to be equivalent. Request for exemption from the health insurance fee, purchase of dependent coverage, etc., are limited to specific time periods at the beginning of each semester. See Student Health Insurance Plan section on page 22 for deadline dates and instructions.

U OF I DIRECT Network ID and Password

To access U OF I DIRECT, you will use your Network ID (NetID) and NetID password. **All UIUC students are assigned a NetID and NetID password when they are admitted to the University.**

As with any computerized system, security of the data is a primary concern. In order to maintain the security of your student records and class schedule, it is imperative that you protect your NetID and NetID password. NEVER tell anyone your password. NEVER let anyone use your NetID and NetID password. The importance of your password is much like that of a bank card PIN—ALWAYS protect the privacy and security of your password. You are encouraged to change your password periodically to maintain the security of your NetID.

You may change your NetID password using a secure online Web page at **https://www-s.uiuc.edu/bluestem/kpasswd.cgi**. You may also change your password using a computer at any CITES lab. Staff at these locations can assist you. If you forget your password, go to the CITES Help Desk at 1420 DCL between 8:30 and 5:00 PM, Monday through Friday to have your password reset so you can resume using your NetID.

If you have questions or concerns about your NetID and password, contact the CITES Help Desk (1420 DCL, 244-7000). More information is about your NetID and NetID password is available at **www.cites.uiuc.edu/netid/**.

U OF I DIRECT Registration Checklist

☐ Have Your U OF I DIRECT Registration Materials

To register for courses using U OF I DIRECT you need:

U OF I DIRECT Schedule Planning Form (located in the back of the *Timetable*)

YOUR Network ID and password

YOUR Registration Time from your Invitation to Register (available at www.oar.uiuc.edu/current/grades.html or contact the Records Service Center, 901 West Illinois Street, 333-6565).

☐ Meet with Your Adviser

ACADEMIC advising is recommended for all students and is required in many programs.

DISCUSS with your adviser alternative course selections in case your first choice offerings are full or unavailable to you.

COMPLETE the Schedule Planning Form as a guide.

☐ Prepare for Enrollment Restrictions that May Be Placed by Departments

Consent Instructor/Authorization Required:

If you plan to select courses requiring consent of instructor or departmental approval, contact the department offering the course to obtain permission PRIOR TO registering via U OF I DIRECT. Approval to register in AUTHORIZATION ONLY courses is entered into the U OF I DIRECT system online by the department offering the course. You, in turn, must register for the course using U OF I DIRECT.

Independent Study Courses:

Independent study courses require the instructor's permission before registering. If you select an independent study course, obtain permission from the instructor PRIOR TO registering via U OF I DIRECT.

Courses with Prerequisites:

Many courses have prerequisites. The prerequisites are intended to help you succeed in the course. You are expected to comply with them. You may be removed from a course for failure to comply with the prerequisites.

Courses with Restrictions:

Some courses have restrictions which limit registration to students meeting certain criteria, e.g., college, curricula, year in school, honors, or placement test scores. Many restrictions are computer controlled. You may be removed from a course if you do not meet the course criteria. Consult the department offering the course if exceptions to these restrictions are required.

☐ Clear Advising Hold and Encumbrances

IF YOU HAVE an advising hold and/or an encumbrance(s) on your record, that information will appear on your Invitation to Register and in the U OF I DIRECT system.

THE ADVISING hold must be cleared online by your college or department before you can register using U OF I DIRECT.

AN ENCUMBRANCE should be resolved as soon as possible, but will not block your access to U OF I DIRECT registration until approximately three weeks prior to the first day of instruction for the term. **If you have an encumbrance on your record as of 5:00 PM on the first day of instruction, your course registration for the term will be cancelled.**

☐ Use a Computer on Campus (or via Modem) to Register

WITH THE foregoing steps completed, use your Schedule Planning Form (located in the back of the *Timetable*) as a guide to register in courses via U OF I DIRECT. There are multiple points of access to U OF I DIRECT conveniently located on campus. Many of these locations are listed in the *Timetable*. Dial-up access via modem is also available.

CONTINUING students can download the U OF I DIRECT software to their own computers and run the application over a modem. See **www.cites.uiuc.edu/uidirect/** for more information about downloading and installing this program. This software is not available to incoming students.

☐ Register for a Complete Schedule

YOU ARE advised to register for a complete schedule of courses for the term as soon as possible following your Registration Time.

ALTHOUGH additional seats may become available in a few courses, and additional sections may be added to some courses prior to the start of the term, you should not delay completing your schedule based on the assumption that seats will eventually become available in courses which have closed.

COMPLETE a workable course schedule early, even if every course is not your first choice.

☐ Verify Your Addresses

YOU ARE required to provide a local and a home address. If either is blank, U OF I DIRECT will require that you provide the addresses before you will be allowed to add courses.

MAKE CERTAIN that your local, home, and emergency addresses are correct so you don't miss any important information from the University.

☐ Graduate Students: Check Your Appointment

A GRADUATE student with a teaching or research appointment must choose menu option F from the U OF I DIRECT Main Menu. Select the letter that corresponds to the percent time of your appointment to ensure that you receive proper credit for your tuition and service fee waivers.

☐ If you expect to receive your degree at the end of the term . . .

BE SURE to check menu option E to petition for your degree.

U of I Direct Registration Instructions

Logging on to U of I Direct

Once at a computer on campus that has the U of I Direct registration software, use the following instructions to access the system. Carefully follow the provided instructions that explain the necessary way to exit the system. Failure to do so may compromise your password.

From a Macintosh on Campus

To log on:

Double click on the icon entitled "U of I Direct Registration". The location of this program will vary depending upon which computer you use. In the CITES public labs, the U of I Direct registration program can be found in MAC_APPS:Network services:U of I Direct. Alternatively, you can click on the U of I Direct button on the log in screen on a laboratory Macintosh.

A dialog box will prompt you to "Please enter your Network ID and password."

Press the <Tab> key until the Network ID field is highlighted.

Type in your Network ID.

Press the <Tab> key. The password field should be highlighted.

Type in your password.

Press <Return>. After a brief delay, you will see a message that says "Welcome to the U of I Direct System."

Follow the instructions on the screen to continue. Complete your registration.

To log off:

Choose option "X" on the Main Menu and press <Return>.

From the exit screen, choose "X" to exit the U of I Direct system and press <Return>.

Once you have chosen "X" to exit and pressed <Return>, the window should disappear, indicating that you have successfully exited the system.

From a PC on Campus

To log on:

Run the U of I Direct registration program. The location of this program will vary depending upon which computer you use. In the CITES public labs, the U of I Direct registration program can be found on the menu under "Network Services."

Double-click on the icon entitled "U of I Direct Registration."

When prompted at the "Enter your Network ID:", type in your Net ID at the prompt and press <Enter>.

Next the program will prompt you for your "Password:" Type in your Net ID password and press <Enter>. After a brief delay, you will see a message that says "Welcome to the U of I Direct System." (If this message does not display, you may have typed your Network ID or password incorrectly. Run the program again and try retyping your Network ID and password).

Follow the instructions on the screen to continue. Complete your registration.

To log off:

Choose option "X" on the Main Menu and press <Enter>.

From the exit screen, choose "X" to exit the U of I Direct system and press <Enter>.

Once you have chosen "X" to exit and pressed <Enter> from the exit screen, you will see some messages including "Tickets destroyed". You have successfully exited the U of I Direct system. If you are at a CITES lab, remember to log off from the machine, also.

Dial-up Access via Modem

If you have the necessary equipment (modem and a computer) AND you are a continuing student, you can install the U of I Direct software on your computer. See **www.cites.uiuc.edu/uidirect/** for directions.

If you have difficulty accessing U of I Direct with a modem, information and assistance is available from the CITES Help Desk (1420 DCL, phone 244-7000).

IMPORTANT NOTICE

Access to U of I Direct will be terminated if you are found to be making excessive unsuccessful registration attempts. The department office should be consulted if you need assistance in adding a particular course.

Part-Time, Late, and Visitor Registration

Part-Time Nondegree Registration

If you are a part-time nondegree student, you may register between Jan 24 and Jan 31. To register, follow the instructions for late registration. Part-time nondegree students who register on these dates will not be charged the late registration fine.

Late Registration

> Conducted via U of I Direct from Jan 22 until Jan 31. To complete late registration during this time period, follow the prior instructions in the *Timetable* beginning at "U of I Direct Registration Checklist."

Students registering after Jan 31 lose the privilege of using U of I Direct. Beginning Feb 1, after you have met with your adviser and secured any required course approvals and clearances, bring your completed Late Registration Form to the Records Service Center, 901 W. Illinois Street to complete registration.

WARNING: Very late registrants are reported to lenders of student loans as NOT REGISTERED until mid-term.

There is a penalty for registering late. You will be assessed a late registration fine of $15 (amount subject to change) unless you are registering as a visitor.

Registration of Visitors

A visitor is only a listener in a class and may not participate in any class activities. Visitors are not permitted in laboratory, military, kinesiology (other than theory), or studio classes. Students on "dropped" status are not eligible to attend classes as visitors.

To register as a visitor, written approval is required on an official Visitor's Permit available either at the Records Service Center, 901 W. Illinois Street, or at your college office. After obtaining the form, proceed according to one of the following conditions:

> If you are a currently enrolled student: Obtain permission from the instructor of the class and the approval of the dean of your college.
>
> If you are a former student not currently registered: Obtain the approval from the instructor of the class and the dean of the college in which you were last registered.
>
> If you have not been previously registered at the University: Obtain the approval from the instructor of the class and the dean of the college in which the course is offered.
>
> If you are a staff employee of the University: In addition to obtaining other required approvals, you must secure the recommendation of the head of the department or unit in which you work.

After obtaining all required approvals on the Visitor's Permit form, bring the form to the Records Service Center, 901 W. Illinois Street to complete registration.

Tuition and Fees

Registration Charges, Payments, and Refunds

Waivers and Exemptions

If you receive a waiver, you are assessed the amount of the charge but the amount is waived by University policy. Because you were assessed the charge, you are eligible to receive the benefits of the service provided by that charge.

If you are exempt from a particular charge, that charge is not assessed and therefore you are not eligible to receive the benefits of the services provided by the charge. If you have an exemption from any charge because you are registered in Credit Range IV, (law students Credit Ranges III, IV) you may obtain the benefits of the service provided by making individual arrangements. (See "Fees and How They Are Determined.")

Tuition and fee waivers are not granted for the Executive MBA or other full-cost programs. Detailed information on tuition and fee waivers and exemptions is published in the *Code of Policies and Procedures Applying to All Students*, which is available on the Web (**www.uiuc.edu/admin_manual/code**).

If you believe that you qualify for any of the waivers or exemptions, consult the staff at the Records Service Center, 901 W. Illinois Street.

Tuition and Fee Assessments

Tuition rates are determined by the University Board of Trustees. Assessment is based on your college and your class, curriculum of enrollment, your residency classification, and your credit range.

College of Enrollment

Your tuition rate is based in part on whether you are an undergraduate, graduate, or professional student. Among undergraduates in art, architecture, and music, there is a further differential between students in the lower (0-59.9 semester hours) and upper (60 semester hours or more) divisions. Undergraduate nondegree students are assessed at the upper-division rate. All students enrolled in engineering, chemical and life sciences, and art, architecture, and music, and the master's of business administration curricula are assessed a tuition surcharge.

Because the Professional Veterinary Medicine Program requires a full course of study each term, students in that curriculum are assessed a single tuition rate for each of the four years of the program.

Students enrolled in the nursing and medical sciences programs on the Urbana-Champaign campus are assessed tuition at Chicago campus rates. Fees are assessed at Urbana-Champaign campus rates.

Information about tuition rates for students in flight training, study-abroad, Executive MBA, and other special-cost programs may be obtained at the Records Service Center, 901 W. Illinois Street, registration@oar.uiuc.edu, or by calling 244-3216.

Residence Classification

Another factor in determining your tuition rate is your residence classification (resident or nonresident of Illinois as defined and determined according to regulations approved by the University Board of Trustees). Your classification is based on information you provide on your admission application and other credentials. Residency rules are available on the Web (**www.uoapa. uillinois.edu/residency.html**).

To request a change in your residency classification, obtain a petition at the Records Service Center, 901 W. Illinois Street. You must submit the petition by Feb 15 for the Spring Semester. If you fail to submit a petition within the allotted time period, you lose all rights to a change in status and adjustment of your assessed tuition for the term. Telephone 244-3216 for additional information.

Fees and How They are Determined

The fee schedule is fixed by the University Board of Trustees and is calculated on the basis of the number of semester hours or units of credit for which you are registered. Fees to be assessed this semester are:

General Fee: Supports certain fixed costs of fee-supported buildings (IMPE, Ice Arena, Assembly Hall, Illini Union, Athletic Facilities, etc.) on campus.

Service Fee: Supports salaries, programming, general expenses, and utilities for campus auxiliary service units such as the Illini Union, the Assembly Hall, and Campus Recreation. *(Students exempt from this fee because they are registered in Credit Ranges III & IV may obtain the services by paying the spring semester fee at a cashier's window in 100 Henry Administration Building by no later than 4:00 PM, Feb 14, 2003.)*

Health Service Fee: Supports salaries, programming, general expenses, and utilities for McKinley Health Center and the Counseling Center. *(Students exempt from this fee because they are enrolled in Credit Ranges III & IV may obtain the services by paying the spring semester fee at the McKinley Health Center Business Office by no later than 5:00 PM, Feb 14, 2003.)*

Health Insurance Fee: Covers the cost of premiums to the insurance carrier and the cost of administering the program.

Transportation Fee: Supports a campus and community busing plan for students. *(Students exempt from this fee because they are enrolled in Credit Ranges III & IV may obtain the services by paying the spring semester fee at the Division of Campus Parking by no later than 5:00 PM, Feb 14, 2003.)*

Flight Training Fee: Charged each student enrolled in flight training courses in addition to regular tuition and fee registration charges; based on the nature of each course.

Krannert Fee: Refundable; supports productions at the Krannert Center for the Performing Arts.

SEAL Fee: Refundable; assessed students registered on campus to supplement existing financial aid for needy students.

SORF: Refundable; supports the Student Legal Service and assists in funding programs and/or services of registered student organizations.

ISG Fee: Refundable; supports the activities of student government.

Students exempt from KCPA, SEAL, SORF, and ISG fees because they are registered in Credit Ranges III & IV may participate in them by paying a $22 fee at a cashier's window in 100 Henry Administration Building by no later than 4:00 PM, Feb 14, 2003. The charge will cover all four fees which may not be purchased separately.

For refund dates on all refundable fees, see the section "Refund of Special Fees."

Tuition and Fees Billings and Payments

Important Dates

Feb 7	Payment deadline if registered by 5:00 PM, Jan 31
Feb 1 and thereafter	Payment deadline is 4:00 PM on day of registration

Billings and payments for all registration charges, plus charges for University-operated housing, occur after classes begin. Billing is done on a Registration Statement of Charges and Aid which itemizes all registration charges, financial aid administered by the University, financial aid from external agencies (ISSC, VA, etc.), and any cash aid for which you are eligible. The statement also contains the date by which either full payment or the first payment on the installment plan (if approved) must be made. The availability of statements and the payment deadline dates are determined by when you register.

If you clear all encumbrances, and have classes on your record by the end of the first day of instruction (Jan 21), your Registration Statement of Charges and Aid will be mailed to your local address around Jan 24. Payment will be due on Feb 7. If your statement does not arrive by Jan 31, go to Window 7, 100 Henry Admin. Bldg. and request a duplicate. **IT IS YOUR RESPONSIBILITY AND OBLIGATION TO OBTAIN A STATEMENT AND TO PAY YOUR REGISTRATION CHARGES BY THE DUE DATE WHETHER OR NOT YOU RECEIVED A STATEMENT AT YOUR LOCAL ADDRESS.**

If you late register between Jan 24 and Jan 31, your payment will be due on Friday, Feb 7.

Your registration statement will be mailed to the local address you provide through U OF I DIRECT. You may make payment by U.S. mail, registration drop boxes (located in the Illini Union and the Henry Administration Building), or in person at a cashier's window in 100 Henry Administration Building.

If you register Feb 1 or any day thereafter, Registration Services will provide you with a registration document that must be paid by 4:00 PM on the day of registration at a cashier's window in 100 Henry Administration Building.

Payment Instructions

USE THE special registration drop boxes to return your payment. Do not use campus mailboxes.

ALLOW FIVE DAYS for delivery if you remit by U.S. mail.

DO NOT SEND CASH either through the mail or via the drop boxes.

IF PAYING WITH A DEBIT CARD, go to Window A in room 100 Henry Administration Building.

IF YOU MUST PAY IN CASH, pay at a cashier's window in 100 Henry Administration Building.

Where Can I Make Payment? If your payment deadline is Friday, Feb 7, you may use either U. S. mail or registration drop boxes (not campus mail boxes) to return your statement along with a check or money order in the correct amount. If you must pay in cash, go to a cashier's window in 100 Henry Administration Building.

Special registration drop boxes for payment of registration charges will be available until Friday, Feb 7, at the following locations:

HENRY ADMINISTRATION BUILDING (east and west entrances)

ILLINI UNION (southwest entrance)

Can I Pay by Installment? An installment plan for paying tuition and fees and single-student residence hall charges is available to students enrolled on campus. **This privilege is not extended to registration in extramural, correspondence, and Summer Term I courses, or to students to whom the privilege has been denied.**

Charges for the semester are collected in three installments; the first payable by the due date shown on the original statement, and the remaining installments payable in March and April.

A one-time finance charge of 1 percent of the total amount deferred, or $2 (amount subject to change), whichever is greater, is made against accounts being paid under the installment plan. An installment payment of charges becomes delinquent on the first day of the month following the date payment was due. Students with delinquent accounts exceeding the dollar limitation may be denied charging privileges.

If you either pay your registration charges on the installment plan or make no payment at all and then later either withdraw from the University or reduce your registration to a lower

credit range after the established refund deadline date for the semester, you are liable for the full amount of tuition and fees assessed.

What If I Don't Make Payment by the Due Date? The due date for payment either in full or by installment is printed on your statement. If you do not make full or first-installment payment by the scheduled due date shown on the statement, YOU WILL BE ASSESSED A $25 (amount subject to change) REGISTRATION LATE PAYMENT CHARGE that will be billed to your student account.

A delinquent service charge of 1½ percent or $2 (amount subject to change), whichever is greater, is added per month to delinquent student accounts. At any point in the semester, a student who has a delinquent account exceeding the dollar limitation may be denied charging privileges. The delinquent service charge is applied to all items charged to the student account and for which payment is delinquent.

If you are in debt to the University at the end of any term, you may not be permitted to register in the University again. You are not entitled to receive either a diploma or an official transcript of your credits until you have either paid the indebtedness or made suitable arrangements for payment, unless you either have a bankruptcy petition that seeks a discharge of all such indebtedness or all such indebtedness has been discharged.

Special Warnings about Payments. A penalty of $25 (amount subject to change) is assessed for each check you present to the University that is returned to the Office of Student Accounts and Cashiers because of insufficient funds or for other reasons. Check cashing privileges may be suspended when more than one check is returned to the University. In most cases, the person who endorses a two-party check is the one liable for any penalties charged if that check is returned.

Additional penalties, INCLUDING DISMISSAL FROM THE UNIVERSITY, may be imposed on students who permit their University accounts to become delinquent or who issue checks that are returned to the University unpaid.

Taxpayer Relief Act of 1997

Several new tax benefits became available to eligible students and their families with the enactment of the Taxpayer Relief Act of 1997. This legislation grants eligible taxpayers a tax credit for qualified higher education expenses. Two of those credits are the Hope Scholarship Credit and the Lifetime Learning Credit.

The University of Illinois' Web site contains information about the Taxpayer Relief Act including information from the Internal Revenue Service (IRS). For a full explanation of the tax credits, visit the Web Page on the Internet.

www.uoapa.uillinois.edu/TRA

Important: Please note that only the IRS or a tax professional can provide tax advice on this legislation. Contact one of these resources if you have questions about the law. The University cannot provide tax information or advice.

Student Health Insurance Plan

The University provides and administers a health insurance plan which is mandatory for those students who have not provided proof of other equivalent health insurance coverage by the semester deadline. The fee for the plan is assessed along with other tuition and fees; tuition and fee waivers do not apply to the student insurance fee. Coverage is worldwide and extends, including breaks, from the first day of the semester (Summer 2 is a semester) to the first day of the following semester. The insurance plan is independent of McKinley Health Service and benefits are not contingent upon McKinley Health Service referrals. Benefits are detailed in the Student Health Insurance Plan booklet which is a available at the Student Insurance Office at 807 South Wright, Suite 480, Champaign, IL 61820; 333-0165, or on the Web at **webster.uihr.uiuc.edu/students**. See below for information and instructions regarding fee exemption, dependent coverage, etc.

Spring Semester Health Insurance - Enrollment Change Period:

Jan 20 to Noon, Friday, Feb 7: Student Insurance Office, 807 S. Wright, Suite 480

All Student Insurance transactions must be accomplished by the **Insurance Deadline** either in person or by U. S. Mail to the Student Insurance Office located at 807 S. Wright, Suite 480, postmarked on or before the Insurance Deadline. Visit our Web site at **www.si.uiuc.edu** to download required forms, or call 333-0165. Requests made by any other means will be invalid and could result in missing the deadline.

Purchase Health Insurance for Spouse and/or Children

MUST BE applied for during the Enrollment/Change Period identified above, either in person, or postmarked through the U. S. Mail to the Student Insurance Office, 807 S. Wright, Suite 480. See our Web site at **www.si.uiuc.edu** to download necessary forms, or call 333-0165.

DEPENDENT coverage becomes effective on the date of application and receipt of premium or the beginning date of the semester for which coverage is being purchased, whichever is later.

DEPENDENTS insured the prior semester will have no lapse in coverage provided the application and premium are received during the enrollment change period.

DEPENDENTS acquired (marriage, birth, entry into U.S.) after the above enrollment period may be added to coverage provided application is made and premium paid within 31 days of the eligibility date (date of marriage, birth, or entry into U.S.). Coverage becomes effective on the date of eligibility. Payment of a full semester's premium for the semester in which the eligibility date occurred is required.

Coverage Extensions beyond Last Semester Enrolled and Insured

INSURANCE coverage ends on the beginning date of the next semester; however, it can be extended for the next school period if an Extension is purchased by the semester deadline. For example, if you were a student and insured for Spring and will not be a student in the Summer Term 2, coverage will not continue through Summer Term 2 unless you elect to purchase a Summer 2 Extension.

EXTENSIONS for spring semester may be purchased beginning Dec 1, 2002 through Feb 7, 2003 at the Student Insurance Office, 807 S. Wright, Suite 480.

THE PREMIUM is payable at time of application.

Exemption from Health Insurance Fee

PETITIONS for exemption must be completed in person or postmarked through the U. S. Mail to the Student Insurance Office, 807 S. Wright, Suite 480, during the Enrollment Change Period identified above. See our Web site at **www.si.uiuc.edu** to download necessary forms, or call 333-0165.

PROOF of other equivalent insurance must be provided; acceptable proof can be your insurance identification card, a copy of the policy, plan booklet, or notice on company letterhead from the employer or company certifying your coverage. Other insurance must be in effect by the first day of instruction for the semester exemption is requested. See our Web site for minimum coverage guidelines.

AN EXEMPTION will automatically continue until reinstatement to the plan is requested (see Reinstatement below) or if you do not respond to a periodic request to confirm that you continue to be covered by another health insurance plan, or three consecutive semesters of non-registered status. Summer Term 2 is a semester.

Reinstatement Conditions

CHANGE OF STATUS:

APPLY within 45 days of the loss of other insurance; coverage is guaranteed and will be effective the date of application or date of other coverage termination, whichever is later. Proof of other coverage termination is required.

OPEN ENROLLMENT:

APPLY more than 45 days after loss of other insurance or if no loss of other coverage has occurred, by enrolling for Open Reinstatement. This can only be done during the enrollment/change period. Coverage is effective the date of application and will be subject to a pre-existing condition limitation for the first 12 months of coverage.

A FULL semester premium is required regardless of effective date.

Graduate Student Dental and Vision Assistance Plan

Graduate assistants and fellows who have tuition waivers accompanying their appointments in the spring term will be automatically enrolled for 12 months without charge in the dental and vision plan upon the completion of their appointment papers. All other graduate students, as well as dependents of graduate students and assistants, will be able to enroll in the same basic dental and vision program by completing the necessary enrollment form and paying the annual premium. The spring enrollment period is the same as that for student health insurance, Jan 20, 2003, through noon on Feb 7, 2003. Enrollment for the dental and vision plan can be done at 807 S. Wright, Suite 480 during this period. A brochure describing the Graduate Student Dental Plan and the Vision Service Plan is available from the Student Insurance Office.

Refunds

Reduction of Program Range

If you reduce your course enrollment to a lower assessment range (e.g., from Range I to Range II), you receive a refund of the full difference between the two ranges, provided the change is made by 5:00 PM, Jan 31, 2003. No refund is available thereafter.

In the case of extenuating circumstances, such as medically documented serious illness or injury, an exception to the refund period may be made by the director of admissions and records, acting on a petition submitted by a student.

In all cases, a student who is enrolled in only one course and who wishes to discontinue enrollment must withdraw from the University by completing the withdrawal process by the stated deadline. (See Withdrawal From the University)

Refund Deadlines

You may be released from your obligation to pay **all** of spring semester tuition and fees by canceling your registration by 5:00 PM, Jan 21, 2003.

You may be released from your obligation to pay **part** of spring semester tuition and fees by:

REDUCING your program by 5:00 PM, Jan 31, 2003.

WITHDRAWING from the University by April 4, 2003.

Refunds of Special Fees (Subject to change)

Krannert Fee. A refund of the Krannert Fee is available to those students who do not desire to participate.This refund is available February 17-21.

SORF. A refund of SORF is available to those students who do not desire to participate. This refund is available February 24-28.

ISG. A refund of ISG is available to those who do not desire to participate. This refund is available February 24-28.

SEAL Fee. A refund of the SEAL Fee is available to those students who do not desire to participate. This refund is available March 3-7.

Flight Training Fee. If you withdraw from a flight-training or glider course you will receive a refund of the unused portion of the flight-training, glider, or aviation course fees, upon recommendation of the Institute of Aviation.

Canceling Your Registration

Before the end of the first day of instruction, you may cancel your registration and be relieved of all tuition and fee charges. You may cancel your registration in one of the following ways:

ONLINE by using U OF I DIRET, no later than 5:00 PM on the first day of instruction of the term you wish to cancel.

BY SUBMITTING a request for cancellation of registration to the Office of Admissions and Records. The request must be received no later than 5:00 PM on the first day of instruction of the term you wish to cancel. Requests by mail should be addressed to the Office of Admissions and Records, 901 W. Illinois Street, Urbana, IL 61801.

IN PERSON at the Records Service Center, 901 W. Illinois Street, by 5:00 PM on the first day of instruction of the term you wish to cancel.

You may cancel your registration provided you have neither attended any classes nor received any related student services. If you cancel your registration and do not plan to return for a future term, you must also cancel any future courses for which you have registered.

If you either attend a class or use campus services and then wish to leave the University, you must officially withdraw.

Withdrawal from the University

To withdraw, you must follow established withdrawal procedures beginning with completion of a withdrawal form available from the office of the dean of your college or graduate department.

To obtain a partial refund of spring semester registration charges, you must deposit a completed withdrawal form at the Records Service Center, 901 W. Illinois Street, no later than 5:00 PM, April 4, 2003. No refund is available thereafter. In cases of extenuating circumstances, such as medically documented illness or injury, an exception to the refund period may be made by the director of admissions and records, acting on a petition submitted by a student. Petition forms are available at the Records Service Center, 901 W. Illinois Street.

If you officially withdraw within the refund period, **a pro-rata refund based upon the effective date on the withdrawal clearance form will be generated. Financial Aid and any other charges owed to the University will be subtracted before a refund check is sent to you.**

Withdrawal effective date:	**Percent of assessed tuition and refundable fees refunded:**
Jan 21, 2003	100 percent (cancellation)
Jan 31, 2003	90 percent
Feb 7, 2003	80 percent
Feb 21, 2003	70 percent
March 7, 2003	60 percent
March 14, 2003	50 percent
April 4, 2003	40 percent

Assessed tuition, the service fee, the general fee, and the transportation fee are refunded on a pro-rata basis, less a pro-rata administrative fee of 5% of the assessed amount or $100, whichever is less. The health insurance and health services fees are not refundable. **You will be responsible for paying these fees.**

If you withdraw, you continue to be covered by health insurance and are eligible to receive health services (if you paid these fees) until the first day of instruction for the next term. Before a refund is made to you, the University must make a refund to appropriate financial aid programs providing assistance to you. If you are indebted to the University at the time of withdrawal, the amount owed will be deducted from the amount of any refund available.

If you are permitted to pay tuition and fees on the installment plan, or if you make no payment at all, and then withdraw from the University, you are liable for the full amount of tuition and fees originally assessed less applicable refunds.

Special refund policies apply to those who withdraw to enter either active duty in the armed forces or other approved national defense service.

Course Listings

The following *Timetable* of courses offered by the University is subject to whatever changes may prove necessary at registration time. Notices of all changes in time or place of meeting of classes will be posted to the online *Timetable* (see page 2) and the UI Direct registration system.

Arrangement

The arrangement of subjects in this *Timetable* is alphabetical. The courses offered in each subject are listed numerically with headings to indicate the students for whom they are designed. Courses for undergraduates (designed primarily for freshmen and sophomores) are numbered 100 to 199; for undergraduates who satisfy the published requirements, 200 to 299; for primarily junior, senior, professional, and graduate students, 300 to 399; for graduate and professional students, 400 and above. Following the title of each course is a statement of the requirements, if any, for admission to the course.

Class Periods

Class periods for each course are indicated by numerals for the hours of the day and by letters for the days of the week. For example, 8-10 MTWTh+ indicates that class periods begin at 8:00 AM and continue for approximately two hours on Monday, Tuesday, Wednesday, and Thursday; 11-1230 TT+ means that class periods begin at 11:00 AM and continue for ninety minutes on Tuesday and Thursday. Any class beginning after 6:00 PM is indicated by the letters PM. For example, 730-930PM+ indicates that the class period begins at 7:30 PM and continues until approximately 9:30 PM.

Class Locations

The place of meeting of each class is shown by the number of the room and the name of the building. A listing of the building abbreviations may be found in this *Timetable* (see page 30).

Credit

Credit for undergraduate courses is counted in semester hours. A semester hour is one class period a week for one semester or the equivalent in laboratory work, fieldwork, or approved independent study. The number of hours for which each course counts is shown under the course.

Credit for graduate courses is counted in units. The unit value of each graduate course is indicated under the course. No course may be taken for graduate credit unless it is so designated in this *Timetable* or the online *Timetable*. In general, 1 graduate unit is the equivalent of 4 semester hours of undergraduate credit.

Some courses have variable credit, such as 3 to 5 hours or 0 to 2 units; in registering for a course with variable credit each student indicates the number of hours or units for which he or she intends to take the course on the U OF I DIRECT screen at the time of registration.

A course may not be taken for zero credit unless such credit is specifically authorized in the *Timetable*.

Pending Sections

Pending sections are sections shown in the *Timetable*, but not yet open for students to register in. They are identified by the letters "PEND" in the space where the call number normally appears.

Departments may open pending sections later, if they have the staff to teach them and enough students demand. Once a pending section is opened, its call number appears both as an alternate selection on the registration screen, and in the *Timetable* listed on the Web.

You cannot enroll in a pending section until it is opened by the department. If you have questions about the possibility of a pending section being opened, please contact the department offering the course.

First-Year Discovery Courses

In the First-Year Discovery Program, entry-level undergraduates can choose from a variety of small, faculty-taught courses that provide an opportunity to interact with faculty and other students from the start. Discovery sections are offered in many formats and disciplines, but all have in common the goal of helping first-year students in the transition to the intellectual community of the campus. All Discovery sections are small, with enrollments limited to twenty students or fewer; all are faculty-taught and interactive.

Discovery courses are listed in the body of the *Timetable*, where you can find the complete information needed to register for the courses, including the call numbers as well as

the lecture/lab/discussion section times and locations, and any enrollment restrictions. Descriptions of the courses and the faculty who will teach them can be found in the Discovery Booklet provided to all new freshmen students when they register during the summer. Course descriptions and faculty bios are also available at **www.provost.uiuc.edu/discovery/.**

Registration in the Discovery Program is restricted to first-year students. For a complete list of Discovery Courses, see the separate Discovery booklet, available in October.

Campuswide General Education Courses

Courses approved for campus-wide General Education credit are identified throughout the *Timetable* using the abbreviations below:

Comp II = Composition II
W = Western/Comparative Culture(s)
NW = Non-Western Culture(s)
US = US Minority Culture(s)
HP = Historical and Philosophical Perspectives
LA = Literature and the Arts
LS = Life Sciences
PS = Physical Sciences
QR1 = Quantitative Reasoning I
BS = Behavioral Sciences
SS = Social Sciences

Although all of the courses marked as General Education in the *Timetable* are approved on the campus level, they may not satisfy specific requirements in individual curricula. Therefore, campus-wide approval does not guarantee that a course will satisfy the requirements of a specific college or curriculum. Students in teacher education programs must consult the Council on Teacher Education General Education Course List when selecting their courses to meet General Education requirements. All other students should consult their advisors about selecting the General Education courses which best fit their programs of study.

Please note that some courses are part of a General Education sequence and all courses in the sequence must be taken to receive General Education credit.

For General Education requirements and current course lists, see the General Education Web site at **www.provost.uiuc.edu/gened.**

3:00 or 3:30 PM	Tuesday	1:30-4:30 PM, Sat, May 10
4:00 PM or later	Monday	7:00-10:00 PM, Thu, May 15
4:00 PM or later	Tuesday	7:00-10:00 PM, Fri, May 9

THE FINAL examination for a course is scheduled according to the full or half hour on Monday or Tuesday on which the class first meets regularly during the semester. For example, if a course meets regularly at 10:00 AM on MWF, the examination must be given from 8:00 to 11:00 AM on Tuesday, May 13. The final examination for a course meeting regularly on TuTh from 2:30 to 4:00 PM must be given from 1:30 to 4:30 PM on Thursday, May 15.

IN A COURSE having a combination of lecture and discussion and/or laboratory periods, the first *lecture* hour of the week is considered the first contact of the week for purposes of determining examination time. Call 244-0228 with questions about this.

FOR A COURSE not provided for in the examination schedule (i.e., one that meets for the first time on Wednesday or later), an arranged examination is to be given within the established examinations schedule at the discretion of the instructor and at a time to avoid conflicts. A conflict examination must be given if necessary. The instructor must call the departmental office to schedule the room for the examination.

ANY COLLEGE of Education course at the 300- or 400-level that meets once a week must have a final examination on the same day and at the same time that the class regularly meets. The Office for Planning and Facility Management will make room assignments for such courses.

Spring Semester 2003 Noncombined Final Examination Schedule

May 9 Through May 16, 2003[1]

This schedule does not apply to courses in the Colleges of Law and Veterinary Medicine, which publish separate schedules.

Illinois law requires the University to reasonably accommodate its students' religious beliefs, observances, and practices in regard to admissions, class attendance, and the scheduling of examinations and work requirements. All regulations governing final examinations will be applied in the context that an individual student's religious beliefs, observances, and practices will be reasonably accommodated if the student informs his or her instructor of the conflict within one week after being informed of the final examination schedule. Any student may appeal in writing an instructor's adverse decision to a request based on religious beliefs, observances, and practices; such appeal must be made to the dean of the student's college or to the director or dean of the student's school or institute (if such school or institute is organized as a separate unit). Before taking action, the dean or director should request that the instructor explain his or her denial in writing.

Requirement

A final examination must be given during the scheduled final examination period for each course except in a course that has a character that renders a final examination unnecessary or impracticable. The head or chairperson of the academic department in which the course is offered determines when a final examination is not required.

Time of Examination

An instructor must give a final examination at the time specified in the published schedule unless a change is approved in advance through the Office of the Vice-Chancellor for Academic Affairs. A request for change must be submitted through the executive officer of the department or school (if applicable) in which the course is offered and the dean of the appropriate college. **Requests for examination changes should be made only in cases of legitimate need and not just for the convenience of students and instructors.**

A request for change in the examination schedule will not be considered for approval unless the instructor

HAS POLLED the class to determine that an alternative date is desired by a majority of the class members, and

ALSO OFFERS the examination at the regularly scheduled time if some choose not to take it at the alternate time, and,

HAS CONTACTED the Office of Facility Management and Scheduling (244-0228) and has assurance that space is available in which to give the examination at an alternate time, if approved. The Office of Facility Management and Scheduling will not confirm space availability for early examinations until the twelfth week of the semester.

No semester final examination should be given during a "regular" class period unless this is deemed necessary by virtue of the course or the examination (e.g., a laboratory "practical" examination as one part of a final examination).

NOTE:

Undergraduate Students: Except as provided for a request based on religious beliefs, observances, and practices, only the dean of a student's college may approve temporary postponement of the final examination in an individual case of an undergraduate student.

Graduate Students: A student's instructor is authorized to approve a request for postponement of the final examination in an individual case of a graduate student.

The 6-year graduation rate for students who entered school in the Fall of 1994 is 76.4%. This number is provided by the Office for Academic Policy Analysis. A complete student right-to-know report may be obtained from the Office of Public Affairs, 601 E. John, Champaign, IL 61820.

[1]An examination for a first half-term course should be scheduled at the end of the first half-term period; second half-term final examinations follow the schedule shown on page 31. If a first half-term examination is not scheduled in the regular classroom at the time the class usually meets, a special examination room must be reserved through the Office of Facility Management and Scheduling, 333-1230.

Place of Examination

An examination will be held in the room where the course meets for the first lecture contact hour of the week, except in the case of a combined-sections examination, an examination for a course in which the instructor has requested additional space for the final examination, or a specifically scheduled examination. Instructors are to announce any special or changed room assignments.

Take-Home Examination

If a take-home final examination is assigned, it is to be submitted by the student at the time and date of the regularly scheduled final examination. An instructor who wishes to depart from this practice, must follow the procedure for changing the final examination schedule as stated elsewhere in this section.

Length of Examination

The maximum limit for an undergraduate final examination shall be three hours, except by special arrangement in individual cases approved by the dean of the appropriate college. At the discretion of the department, a shorter examination may be given.

Conflicts

Normally in a semester several combined-section, conflict, and noncombined examinations are given at the same time. As a guide to resolving conflicts, an order of priority has been established within each examination period, and a student should resolve a conflict using the published examination schedules and the following priority guidelines.

1) National and state professional examinations (e.g., CPA, actuarial science, Architect Registration Examination) take priority over campus final examinations. An instructor must offer a conflict examination to a student scheduled to take national or state professional examination and a campus final examination at the same time.

2) A noncombined examination has precedence over combined-sections and conflict examinations.

3) Combined-sections examinations have precedence over conflict examinations.

4) A department offering a combined-sections final examination must provide a conflict examination if required to accomodate student conflicts.

A detailed combined-sections and conflict final examination schedule will be made available to departments on the Web.

Students Having More than Two Consecutive Final Examinations

No student is required to take more than two consecutive semester final examinations. This means that if you take final examinations at 8:00 AM and 1:30 PM on the same day, you cannot be required to take another final examination that same day; however, you are required to take an examination scheduled for 8:00 AM the following day.

Similarly, if you have a final examination at 7:00 PM one day and another at 8:00 AM the next day, you cannot be required to take an examination at 1:30 PM that second day; you can, however, be required to take an examination at 7:00 PM of that second day.

If you have more than two consecutive final examinations scheduled, you are entitled to rescheduling, provided you take the following actions *no later than the last official day of instruction in the semester (May 7):*

YOU MUST investigate whether a conflict examination is being held at another time for any of the examinations involved. (Instructional staff members are urged to announce any conflict final examinations by the last day of classes.)

IF A CONFLICT examination has been scheduled for any of the courses, you must take one or more of these conflict examinations. If conflict examinations are offered for more than one course, the student must take the conflict for the course that has the largest number of students.

IF NO CONFLICT examinations have been scheduled, you should contact the instructor of the course having the largest number of students. That instructor **must** provide a makeup examination. Remember, you must initiate contact with the instructor involved no later than the last day of instruction.

Discipline for Violations of Academic Integrity

Procedures to be followed in cases of alleged cheating on final examinations may be found in the *Code of Policies and Regulations Applying to All Students,* which is available on the Web (**www. uiuc.edu/admin_manual/code**).

ASTR 496 COMPUTATIONAL ASTROPHYSICS AND COSMOLOGY.
This course is intended to prepare students to use numerical simulations to study complex problems in astrophysics and cosmology. An experimental approach is taken to the design, validation, and analysis of simulations. Emphasis will be placed on solving ordinary and partial differential equations that arise in astrophysical contexts. Methods for extending spatial resolution, such as Lagrangian methods, adaptive mesh refinement, and subgrid models, will be covered. Students will work on assigned numerical problems and perform simulations using existing simulation codes (e.g., ZEUS, FLASH, HYDRA), writing a final paper which presents the results of simulations using one of these codes. The instructor plans to obtain student accounts on NCSA supercomputers for these projects. Prerequisites: Consent of instructor; knowledge of a scientific programming language like Fortran, C, or C++. Familiarity with Unix/Linux and astronomical analysis tools (e.g., IRAF, IDL) is useful but not required. It would be useful to have taken PHYS 498CP (Topics in Computational Physics and Astronomy) before registering for this course. This course is intended for graduate students and upper-level undergraduates with strong physics backgrounds. Active student participation is expected.

DEPARTMENT PHONE (217) 333-0711
FOR INFORMATION ON GENERAL CHEMISTRY COURSES (CHEM 100-115), GO TO 107 CHEMISTRY ANNEX.

CHEM 101 GENERAL CHEMISTRY.
PREREQUISITE: CREDIT IN OR EXEMPTION FROM MATH 112; ONE YEAR OF HIGH SCHOOL CHEMISTRY OR EQUIVALENT. PLACEMENT INTO 101 BY THE CHEMISTRY PLACEMENT TEST RECOMMENDED.
•STUDENTS MAY NOT RECEIVE CREDIT FOR BOTH CHEM 101 AND 107.
•GEN ED: PS WITH CHEM 105
3 HOURS.

AS OF THE SPRING 1998 SEMESTER, THE LABORATORY PORTION OF CHEM 101 WAS SPLIT FROM THE LECTURE-QUIZ OR LECTURE-DISCUSSION PORTION OF CHEM 101 AND MADE INTO A SEPARATE 1 HOUR COURSE CALLED CHEM 105, GENERAL CHEMISTRY LABORATORY. ALL STUDENTS ENROLLED IN CHEM 101 SHOULD ALSO ENROLL IN CHEM 105.

TWO INSTRUCTIONAL FORMATS ARE OFFERED.

THE A SECTIONS (12A-99A) INVOLVE LECTURE AND QUIZ (ONLY ONE CALL NUMBER REQUIRED) SECTIONS 120-260 INVOLVE SMALL GROUP LECTURE DISCUSSIONS.

SECTION 31A IS A MERIT WORKSHOP. ENROLLMENT IS BY INVITATION ONLY. CALL 244-8279 FOR INFORMATION. CONCURRENT ENROLLMENT FOR 1 HOUR CREDIT IN THE MERIT SECTION OF CHEM 199 IS REQUIRED.

SECTION 99A IS A TRANSITION WORKSHOP ENROLLMENT IS BY INVITATION ONLY. CALL 244-1586 OR 244-8279 FOR INFORMATION.

STUDENTS IN THE COLLEGE OF ENGINEERING MAY NOT DROP THIS COURSE AFTER THE FIRST DAY OF CLASS WITHOUT A DEAN'S APPROVAL.

FOR INDEPENDENT STUDY REGISTRATION IN THIS COURSE, STUDENTS SHOULD CONTACT THE INSTRUCTOR WHO WILL SUPERVISE THEIR WORK.

SECTION M: STUDENTS IN MERIT WORKSHOP SECTIONS MUST REGISTER IN ONE HOUR CHEM 199 CREDIT CONCURRENT WITH ENROLLMENT IN THE APPROPRIATE COURSE. ONE CREDIT HOUR.

SECTION S: SCIENCE EDUCATION AND RESEARCH FOR CHILDREN. STUDENTS WILL WORK TWO HOURS PER WEEK IN CLASSROOM OR AFTER-SCHOOL SETTINGS TO ENGAGE CHILDREN IN HANDS-ON-SCIENCE ACTIVITIES. AN ADDITIONAL TWO HOURS ARE DEVOTED TO DEVELOPING ACTIVITIES AND MATERIALS.
2 CREDIT HOURS.

SECTION L: THE CHEMISTRY AND BIOLOGY OF EVERYDAY LIFE. INTENDED FOR FRESHMEN TO SENIOR SCIENCE MAJORS WISHING TO EXPLORE IN DEPTH SCIENTIFIC TOPICS OF INTEREST TO THEM WITHIN THE CHEMISTRY AND BIOLOGY OF EVERYDAY PHENOMENA. INITIAL ACTIVITIES WILL INVOLVE LEARNING AND GIVING PRESENTATIONS ABOUT THESE TOPICS OF INTEREST. LATER ACTIVITIES COULD INVOLVE PERFORMING RESEARCH IN A LABORATORY. STUDENTS WILL INTERACT CLOSELY WITH PROFESSORS AND OTHER RESEARCHERS TO DESIGN AND CARRY OUT THEIR PROJECTS. REPEATING THE COURSE FOR CREDIT IS HIGHLY ENCOURAGED. CHECK THE WEB SITE AT HTTP://PENTANE.CHEM.UIUC.EDU:8900/PUBLIC/CHEMISTRY199L/INDEX.HTML FOR A DETAILED DESCRIPTION OF THE COURSE CONTENT AND REGISTRATION INFORMATION. PREREQUISITE: PRIOR CREDIT OR ENROLLMENT IN CHEM 101, 107 OR EQUIVALENT. FRESHMAN SIGN UP FOR SEC L; SOPHOMORES SIGN UP FOR SEC L1; JUNIORS SIGN UP FOR LECT L2; SENIORS SIGN UP FOR LECT L3 CREDIT: 2 HRS. CAN BE REPEATED FOR CREDIT.

SECTION W - WATER: THE ELIXIR OF LIFE. DISCUSSION OF THE HYDROLOGIC CYCLE, THE CHEMICAL AND PHYSICAL PROPERTIES OF WATER, WATER AS A SOLVENT, THE NATURE OF ICE, WATER IN LIVING CREATURES, SOURCES AND PURIFICATION OF WATER, WATER AS A COMMODITY, WATER AS A SOURCE OF ENERGY, AND WATER UNDER EXTREME CONDITIONS. PREREQUISITE: CREDIT OR CONCURRENT ENROLLMENT IN A GENERAL CHEMISTRY COURSE. TWO CREDIT HOURS.

ECON 490 Section 1: CONTINUOUS-TIME METHODS IN ECONOMICS AND FINANCE
This course attempts to provide accessible yet rigorous introduction to continuous-time methods in economics and finance. The objective is to students a wide expose to tools and applications that can be utilized in the dissertation and further research or that are widely applied by non-academic employers such as central banks and investment firms. We start with deterministic models, and then review probability theory. We then move to continuous-time stochastic processes and show how one can characterize their behavior by reducing them into martingales. Finally, we move to applications in economics and finance. A byproduct of the course is a journey to the world of continuous-time asset pricing.

EDUCATIONAL PRACTICE

DEPARTMENT OFFICE 130 EDUCATION BUILDING
DEPARTMENT PHONE (217) 333-2804

ADMISSION TO EDUCATIONAL PRACTICE (STUDENT TEACHING) IS LIMITED TO THOSE STUDENTS WHO ARE IN GOOD STANDING IN A TEACHER EDUCATION CURRICULUM APPROVED BY THE COUNCIL ON TEACHER EDUCATION.

ELIGIBILITY REQUIREMENTS FOR STUDENT TEACHING AND FOR RECEIVING A UNIVERSITY OF ILLINOIS RECOMMENDATION FOR CERTIFICATION ARE DESCRIBED IN THE COUNCIL ON TEACHER EDUCATION SECTION OF THE PROGRAMS OF STUDY CATALOG. CANDIDATES FOR UNIVERSITY OF ILLINOIS TEACHER EDUCATION DEGREES MUST COMPLETE EDUCATIONAL PRACTICE AS PART OF THE PROFESSIONAL SEMESTER WHICH IS GENERALLY TAKEN IN THE FALL OR SPRING SEMESTER OF THE CANDIDATE'S SENIOR YEAR. FEW PROGRAMS OFFER STUDENT TEACHING DURING SUMMER SEMESTER. FOR THOSE THAT DO, APPLICATION SHOULD BE MADE DURING THE MONTH OF APRIL. APPLICATION FORMS MAY BE OBTAINED FROM DEPARTMENTAL OFFICES. ELIGIBILITY INCLUDES HAVING A 2.5 CUMULATIVE AND UNIVERSITY GPA AND COMPLETION OF 100 CLOCK HOURS OF EARLY FIELD EXPERIENCES.

APPROXIMATELY ONE YEAR PRIOR TO THE SCHOOL YEAR IN WHICH THEY EXPECT TO ENROLL IN STUDENT TEACHING, STUDENTS MUST ATTEND AN INFORMATIONAL MEETING WHERE THEY WILL RECEIVE AN APPLICATION TO APPLY FOR A TENTATIVE STUDENT TEACHING ASSIGNMENT IN THE ILLINOIS PUBLIC SCHOOLS. THESE APPLICATIONS MUST BE COMPLETED AND PROCESSED PROMPTLY THROUGH THE APPROPRIATE DEPARTMENT. ALL STUDENT TEACHING APPLICATIONS MUST BE RECEIVED NO LATER THAN THE SECOND FRIDAY IN DECEMBER DURING THE YEAR PRIOR TO THE SCHOOL YEAR IN WHICH A STUDENT EXPECTS TO STUDENT TEACH. STUDENTS WHOSE APPLICATIONS ARE APPROVED WILL ENROLL FOR THE FOLLOWING SCHOOL YEAR. STUDENTS MAY NOT STUDENT TEACH IN THE HIGH SCHOOL FROM WHICH THEY GRADUATED.

EDUCATIONAL PRACTICE IS UNDER THE GENERAL SUPERVISION OF THE COUNCIL ON TEACHER EDUCATION.

MATH 315 LINEAR TRANSFORMATIONS AND MATRICES.
PREREQUISITE: MATH 242 OR 243 OR 245.
*ONE UNIT CREDIT REQUIRES APPROVAL OF THE INSTRUCTOR AND COMPLETION OF ADDITIONAL WORK OF SUBSTANCE.
3 HOURS, OR 0.75 OR 1 UNIT.
SECTION E8 WILL BE TAUGHT ON MACINTOSH OR WINDOWS COMPUTERS USING MATHEMATICA INTERACTIVE COURSEWARE. PREVIOUS COMPUTER EXPERIENCE IS NOT NECESSARY. THIS SECTION DEALS WITH THE CONTENT OF THE REGULAR SECTIONS OF 315 FROM A GEOMETRIC RATHER THAN AN ALGEBRAIC STANDPOINT. THESE SECTIONS ALSO INCLUDE SINGULAR VALUE DECOMPOSITION, RAY TRACING, IMAGE AND DATA COMPRESSION, PRINCIPAL COMPONENT ANALYSIS, ILL-CONDITIONED MATRICES, ROUNDOFF ERROR AND PLOTS OF HIGHER DIMENSIONAL SURFACES AS PROJECTED INTO THREE DIMENSIONS.

PHYCS 199BCS
BEHAVIOR OF COMPLEX SYSTEMS. CHAOS, FRACTALS, AND ARTIFICIAL LIFE
The behavior of complicated systems with many parts will be explored with hands-on computer simulations and lab experiments. Students will experiment with lightning, turbulence, explosions, and human rhythms and use simple computer models to imitate their irregular and symmetric patterns and dynamics and will develop an intuition as to why isolated complex systems prefer harmony and symmetry whereas competing complex systems prefer chaos. Applications in business, engineering, and social sciences will be discussed.
A first year Discovery Program course: enrollment restricted to freshmen. Students should enroll in only one Discovery course. Students who enroll in more than one Discovery course may be dropped from the additional Discovery courses. For a listing of all these courses, with descriptions, see the Discovery Booklet.

PHYSICS IN PEOPLE, PHYSICS IN PLANTS.
This course will explain our body's senses, touch, hearing, vision, and smell, its mechanical abilities, blood circulation and muscle action, as well as the electrical circuitry of the brain, to show how physics works in "us". Likewise the course will illustrate the ability of plants to collect water, harvest sunlight and turn light energy into chemical energy and growth to illuminate the wider reign of physics in Earth's biosphere.

PREREQUISITES: CONCURRENT REGISTRATION IN PHYCS 111
AND CONSENT OF INSTRUCTOR.
*PHYCS 199HM CAN BE USED TO SATISFY THE HONORS COMPONENT OF PHYCS 111.
This course is the honors supplement to PHYCS 111 and is intended for those students intending to major in physics or who have a strong interest in the subject. Areas to be addressed include rotational and central force motion, non-inertial frames, non-linear systems and post-Newtonian mechanics. The use of simple visualization tools such as Mathematica and Excel will be encouraged.

PHYCS 199HO
HONORS SEMINAR: TOPICS IN ELECTRICITY AND MAGNETISM
PREREQUISITES: PHYCS 111, CONCURRENT REGISTRATION IN PHYCS 112, AND CONSENT OF INSTRUCTOR.
*PHYCS 199HO CAN BE USED TO SATISFY THE HONORS COMPONENT OF PHYCS 112.
Students investigate special topics in electricity and magnetism. Through weekly meetings (similar in format to the discussion sections of Physics 111 and 112), students will derive for themselves some of the surprising features of our post-classical physical world. For example, the need for special relativity, the existence of magnetic fields, and the origin of electromagnetic radiation are consequences of simple observations such as the constancy of the speed of light. Other topics will include the nature of Gauss' law and Maxwell's equations, potentials and superposition, amplifiers, analog computers, and the role of quantum mechanics in electrodynamics.
PHYCS 199HO is intended for students who have been comfortable with the level of difficulty of PHYCS 111, and whose math skills are reasonably strong. It allows students to confront in greater depth some of the most interesting intellectual issues in classical electrodynamics. The course will use calculus as a problem-solving tool.

PHYCS 199HT is the honors supplement to PHYCS 113/114 and is intended for those students either planning to major/minor in physics or having a strong interest in the subject. Areas to be covered during PHYCS 113 include diffusion and heat conduction, the Maxwell-Boltzmann distribution and the ideal gas, the Planck distribution and radiation, free energy and the chemical potential, and quantum gases. Areas to be covered during PHYCS 114 include particle scattering, proton quantum states, simple approximation methods (e.g., variational methods), particle exchange, and quantum statistics.

PHYCS 398NSD
PHYSICS OF NANOSCALE STRUCTURES AND DEVICES.
Understanding the physical properties of nanoscale systems has become a major topic in both science and technology. After a review of basic quantum mechanics and solid state physics, we will begin our survey of nanoscience by examining classic problems of electron transport in nanostructures. A number of topics, from quantum interference and confinement phenomena in nanostructures to more recent realization of electronic devices based on single molecules will be discussed. Other topics of interest are superconductivity and magnetism in nanostructures. Throughout the course, we will review both methods of creating nanostructures as well as the techniques used to examine their properties.
Prerequisite: PHYCS 111-112-113-114 Basic knowledge of calculus and differential equations is assumed. Both

PHYCS 398BIO
INTRODUCTION TO BIOLOGICAL PHYSICS.
We will apply simple yet powerful ideas of physics to gain some understanding of biology. (What is the inertia of a bacteria and how does this affect its behavior?) We will begin with atoms, move to molecules, then macromolecules, then cells, and finally whole systems. For example, how do we see? The answer: photons cause the release of chemicals that create electricity. How do we move? The answer: tiny biomolecular motors break chemical bonds, using the energy to create force and motion with efficiencies that put man-made machines to shame. These motors, and indeed, much of biology at the molecular level, operate at the nanometer (one-billionth of a meter) and picoNewton (1 trillionth of a pound) scales. How can we measure such tiny things? Come find out!

PHYCS 498DC
QUANTUM CRITICALITY
Unlike classical phase transitions which occur at finite temperature, quantum phase transitions obtain at zero temperature. This course will focus on the key experiments and theoretical framework which has evolved over the past 20 years which have elucidated how and why quantum phase transitions occur. This course will start with a brief review of the basic concepts of phase transitions in classical systems that involve a critical point. We will then introduce the concept of quantum criticality and discuss its relevance to the extensive experiments on the destruction of ferromagnetism or antiferromagnetism at zero temperature in metallic systems. In this context, we will present the classic treatment of Hertz. Recent modern developments on local quantum criticality in magnetic systems will also be discussed. In addition, we will focus on how the uncertainty principle dictates which phases obtain in bosonic systems, for example the insulator-superconductor transition in thin 2D films. The role of disorder will also be discussed extensively in the context of the Mott insulator/superfluid transition in bosonic systems. We will also discuss competing order in fermionic systems near the Mott insulator transition. This excursion will afford an extensive overview of the phase diagram of copper oxide high-temeprature superconductors.

PHYCS 498QOI
TOPICS IN QUANTUM OPTICS AND INFORMATION.
The field of quantum information uses the nonclassical, often counter-intuitive, features of quantum physics (including the wave-particle duality, superposition, and entanglement) to surpass the information-processing capabilities of systems restricted by classical physics. We will begin by looking at many of the experiments (mostly optical) which highlight the underlying fundamental quantum phenomena, including tests of Bell's inequalities, quantum erasers, "interaction-free" measurements, the quantum Zeno effect, multi-particle interference, and squeezing. These will enable us to understand various recent results in quantum information, including quantum cryptography, quantum teleportation, and quantum computation.
Prerequisites: PHYCS 480 is recommended.
Advanced undergraduates admitted with consent of instructor.

PHYCS 498MMB
MATHEMATICAL METHODS IN PHYSICS.
A continuation of PHYCS 498MMA (or PHYCS 411/412) focusing on further core techniques widely used in the physical sciences. Emphasis is on applications, and a broad range of illustrative examples will be explored. Students do not need to have taken PHYCS 498MMA (or 411/412). Primary topics include: complex variables (analyticity, Cauchy's theorem, residue calculus, conformal mappings, integral transforms, asymptotic techniques, Riemann surfaces); group theory in classical and quantum systems (discrete and continuous groups, representation theory, physical applications of topology); tensors in physics (Cartesian tensors, curved spaces, elementary Riemannian geometry); aspects of probability theory (Langevin and Fokkar-Planck equations, Gaussian random variables and field theory, generating functions, random matrices). matrices).

PHYCS 498TBP
BIOSYSTEMS PHYSICS.
An introduction to self-organization and processes in the living cell from the theoretical physics perspective. The course will be based on case studies from the fields of photosynthesis, vision, cell signaling, cell motion, gene regulation, protein folding, and neural information processing. Physical concepts, mathematical techniques, and computational methods required in modern biophysics will be introduced. Emphasis will be on the multi-scale organization and multi-physics mechanisms of living systems. The latter mechanisms link various domains of theoretical physics like classical molecular dynamics, elasticity theory, electrostatics, stochastic mechanics of classical and quantum systems, molecular electronics, theory of radiation processes, and non-linear dynamics.

who said there are no good [bars] on campus?

The best bars on campus don't serve drinks, they serve their country. You see, when you complete Army ROTC and graduate, you'll be an officer and get a set of gold bars. (The kind you wear on your shoulder.) In the process, you'll have learned how to think on your feet. Be part of a team. Even be a leader. And an Army ROTC scholarship might have helped pay your way. *Register for an Army ROTC class today.* Because there's no better buzz than the sense of accomplishment.

LEADERSHIP EXCELLENCE

ARMY ROTC Unlike any other college course you can take.

Let us pay for school! Scholarships available.
